Chapter 3 – Preliminary Enrollment Procedure

Degree study programs are divided into:
- courses for a limited number of students, which require an "admission test" (programmed access);
- three-year undergraduate courses for an unlimited number of students (an "assessment test" is required in order to test the student’s general knowledge);
- master’s degree courses for an unlimited number of students (a "verification of your curricular requirements" and of the student’s general academic background is mandatory);
- study courses taught in English with a pre-course evaluation of applications following specific procedures.

Payment of a fee is required in order to participate in the selection process to access university courses:

a. Students with an officially-registered disability equal to or higher than 66% or with any disability in accordance with art. 3, paragraphs 1 and 3, law no. 104 dated 5th February 1992 and
b. students who have graduated at this university with a final grade of 110/110 and who would like to enroll in a master’s degree are exempt from the payment of the above-mentioned fees.

3.1 - How to participate in the "admission test"

To enroll in a study program for a limited number of students at national or local level, students have to register for, take, and pass the admission test.

Chapter 5 - Enrollment procedures for international students

Students holding a qualification obtained abroad, after passing the admission or evaluation process (if required), can enroll in any program the Tor Vergata University of Rome offers, available at: [http://web.uniroma2.it/module/name/PdnHome/navpath/OFF](http://web.uniroma2.it/module/name/PdnHome/navpath/OFF).

The first step is to obtain information about procedures and deadlines, which may differ for every single program, reported in the respective calls published on the website: [http://web.uniroma2.it/module/name/Content/newlang/italiano/navpath/OFF/section_parent/5365](http://web.uniroma2.it/module/name/Content/newlang/italiano/navpath/OFF/section_parent/5365).

Enrollment in Italian universities is regulated by ministerial procedures, which establish different access procedures for EU and non-EU students resident in Italy holding a foreign qualification, non-EU students not resident in Italy (student visa applicants), "Marco Polo" Programme Chinese students holding a foreign qualification, and non-EU students holding an Italian qualification.

Detailed information is published on the ministerial website at: [http://www.studiare-in-italia.it/studentistranieri](http://www.studiare-in-italia.it/studentistranieri).

**IMPORTANT**

In order to enroll in a course at the Tor Vergata University of Rome, foreign students holding a qualification achieved abroad shall have to submit a statement of comparability issued by CIMEA (Centro di Informazione sulla Mobilità e le Equivalenze accademiche) or a Declaration of value issued by the Italian competent authority.

Comparability refers to identifying the level of the foreign qualification based on the framework established by the Bologna Process and on the EQF (European Qualifications Framework). The mentioned comparison does not ratify the formal recognition of the foreign qualification within the Italian system or by the Tor Vergata University of Rome. However, it is a useful indicator for the evaluation of the qualification for the purpose of gaining access to higher education.

The Tor Vergata University of Rome and CIMEA have made an agreement for the issuing of a statement of comparability for final school and university qualifications obtained abroad. Students can access the service by visiting the CIMEA website through the following link: [https://cimea.diplo-me.eu/torvergata/#/auth/login](https://cimea.diplo-me.eu/torvergata/#/auth/login).

**ITALIAN LANGUAGE COURSES**

The Tor Vergata University of Rome provides Italian language courses for international students. Students can find out all the opportunities to improve their Italian by checking the following link: [http://clici.uniroma2.it/en/the-clici/](http://clici.uniroma2.it/en/the-clici/).
In the following sections, once you have chosen the right category, you will find information about deadlines, places available, necessary documentation and how to enroll in our courses:

5.1. EU students and non-EU students residing in Italy with a qualification obtained abroad;
5.2. Non-EU students not resident in Italy (applying for a student visa);
5.3. “Marco Polo” Programme Chinese students;
5.4. Non-EU students residing in Italy and who have an Italian qualification.

5.1 - EU and equivalent students, non-EU residents in Italy and Italian citizens with a foreign qualification

This category includes EU citizens (also Italians), equivalent and non-EU citizens with a residence permit, who have a foreign qualification. Citizens of Norway, Iceland, Liechtenstein, Switzerland and Republic of San Marino are considered as equivalent students; as well as refugees and holders of subsidiary protection status, including staff in service in Diplomatic Representations abroad and in international bodies located in Italy – accredited to the Italian State or the Holy See – and their dependent families (spouse and children).

If you are EU or non-EU citizen holding a residence permit (art. 26, law no. 189/2002) and a qualification obtained abroad you will be admitted to the university under the same conditions as an Italian qualification holder, hence with no limitations in terms of places available and without having to sit the Italian language test.

5.1.1 - Admission test

Where mandatory, you shall sit the admission test for the course you have chosen following the procedures explained in the various calls/announcements published on the university web page "Offerta Formativa":
http://web.uniroma2.it/module/name/Content/newlang/italiano/navpath/OFF/section_parent/5365.

Once passed the test, if you satisfy the admission requirements listed in 5.1.2, you can enroll in accordance with the instructions provided in 5.1.3.

5.1.2 - Admission requirements

In order to be admitted into bachelor’s degree programs and one-cycle degree programmes, it is compulsory to hold a diploma obtained abroad after a minimum of 12 years of education and which allows you to enroll in a university in your Country.

In order to compensate for any missing years of schooling, where it is necessary to evaluate qualifications obtained at the end of a school education of less than 12 years, higher education institutions may alternatively request:

- The academic transcripts certifying the passing of all the exams foreseen for the first year of university studies in the case of the eleven-year local school system, or the academic transcripts certifying the passing of all the exams scheduled for the first two academic years in the case of a ten-year local school system.
Chapter 5 - Enrollment procedures for international students

- An official Italian or foreign post-secondary study qualification obtained in a non-university higher education institution in a subject related to the chosen course, lasting one year in the case of an eleven-year local school system, or two years in the case of a ten-year local school system, respectively.

- Certificates from other Italian universities regarding the completion of a foundation course which compensates for the years of missing education.

The certifications for passing foundation courses can also be used in order to fill those additional requirements required for entry to the courses, which are different from the years of schooling, but in no case can they remedy the absence of a “Diploma of upper secondary school or other qualification obtained abroad, recognised as acceptable” (Ministerial Decree 270/2004 and Presidential Decree 212/2005).

A pre-school year can also be considered a 12-year equivalent if the attendance was compulsory and part of the curriculum, and also in cases where the pre-school program was provided with the teaching of reading and writing in the language of the given Country together with some basic mathematics.

For further information on valid qualifications obtained abroad, please check the ministerial procedures published at the following link: [http://www.studiare-in-italia.it/studentistranieri/](http://www.studiare-in-italia.it/studentistranieri/).

In particular, we invite you to consult Attachment nr. 1 and Attachment nr. 2.

To be admitted into master’s degree programs (two-year programs), you need a qualification obtained in a foreign university or a post-secondary qualification achieved in a non-university higher education Institute which allows you to continue your studies in the academic institutes in your Country.

### 5.1.5 Tuition fees

Information on the payment of tuition fees for the 2021/2022 academic year will be available in this guide (see Chapter 7 “Taxes and contributions”).

### 5.2 - Non-EU students not resident in Italy (students with a visa)

This category includes students with citizenship of a non-EU Country and not resident in Italy, who are hence applying for a student visa.

The procedures regarding registration for the bachelor’s/master’s degree programs and one-cycle degree programs for non-EU citizens residing abroad follow the ministerial dispositions which annually certify the terms and modes for the submission of the pre-enrollment application to the Italian diplomatic-consular Representation, validation of qualifications and student visa. More detailed information is available on the MIUR website: [http://www.studiare-in-italia.it/studentistranieri/](http://www.studiare-in-italia.it/studentistranieri/).

In order to enroll in this university, you need to follow the following steps.

#### 5.2.1 - Before you leave

a. Check the public call for the specific programme on the following link: [http://web.uniroma2.it/module/name/Content/newlang/italiano/navpath/OFF/section_parent/5365](http://web.uniroma2.it/module/name/Content/newlang/italiano/navpath/OFF/section_parent/5365)

b. Submit your pre-enrollment via the **Universitaly website**. In the application you must indicate the Tor Vergata University of Rome and choose the degree program you want to enroll in. You will also indicate the Embassy/Consulate at which you will apply for the entry visa to Italy. The pre-enrollment application will be verified by the Tor Vergata University of Rome and forwarded to the Embassy/Consulate you indicated.
Chapter 5 - Enrollment procedures for international students

The subsequent pre-registration phases will be completed at the competent diplomatic-consular offices in order to obtain the relating visa. **Attention:** pre-enrollment does not in itself allow admission to study courses. To enroll you must also take and pass the entry requirements checks and the admission tests required for the course of study of your interest.

**VERY IMPORTANT:** it will be in any case mandatory to go the Embassy/Consulate in order to finalise the pre-enrollment procedure and obtain the Study Visa. The deadline for this procedure has been set for 30th November 2021, we strongly recommend to bring to your Embassy/Consulate all your documents long in advance.

c. Complete the procedures provided by the Tor Vergata University of Rome for the chosen degree program: enrollment in the admission tests or curricular evaluation (where provided). Detailed information will be published on the following website: http://web.uniroma2.it/module/name/Content/newlang/italiano/navpath/OFF/section_parent/5365.

If you hold one of the qualifications listed in Attachment no. 1 of the Ministerial Circular, you can choose only one of the programs. For the programs with a planned national admission test (Medicine and Surgery; Dentistry and Dental Prosthetics, Veterinary Medicine and training courses for Architects), pre-enrollment is intended also for the other universities indicated at the moment of the test.

If you hold one of the qualifications listed in Attachment no. 2 of the Ministerial Circular, you can choose a course independently of the number of places available. In both cases, the application is not automatically accepted by the Italian competent authorities if the applicant is attending the last year of school and is about to sit the final test or the specific academic qualification tests when required.

**Documentation which must be submitted to the Italian Competent Authorities**

**For bachelor's and one-cycle degrees**
- Original copy of the final high school Diploma, obtained after at least 12 years of school, or an equivalent certification in accordance with the regulations;
- certificate that states you passed the academic qualification test for universities in your Country;
- two photographs (one of them to be authenticated by the Italian competent authorities abroad);
- copy of your letter of admission, when required.

In case your secondary education qualification has been issued after less than 12 years of education (Attachment no. 1), the following documents shall be included:

a. a certificate declaring the partial academic studies that you have already completed with an official translation into Italian and validated by the Italian competent authorities in the Country of the educational system attended This validation is not necessary if the certification contains the “the Aja Apostille”;

b. a post-secondary qualification gained in a non-university higher education institute with an official translation into Italian and validated by the Italian competent
Chapter 5 - Enrollment procedures for international students

authorities in the Country of the educational system attended. This validation is not necessary if the certification contains the “the Aja Apostille”;
c. the foundation course certificate awarded by Italian higher education institutions as a supplementary qualification of the foreign school curriculum.

Note that the above mentioned additional or complementary certifications of titles obtained with less than 12 years of education allow the enrollment to the first academic year and cannot be evaluated for enrollment with abbreviation of course in order to avoid a double evaluation of the same titles.

For master’s degree courses (two-year program):

• Academic qualification obtained from a university or post-secondary qualification gained in a non-university higher education institute which allows to proceed in academic institutions at a further level;
• certificate released by the competent university declaring the exams passed, as well as, for each subject, detailed programmes for the completion of said qualifications. The student can check at the time of publication of the places that each University reserves for the Single-cycle courses, if and for which foreign languages the translation for said certificate has been exempted. Post-secondary studies (exams and credits) already gained can be certified by the Diploma Supplement, where in place;
• two photographs (one of them to be authenticated by the Italian competent Authorities abroad)
• copy of your letter of admission, when required;
• a summary of the pre-enrolment letter validated by the university.

5.2.2 - Once in Italy

Italian language test

Unless you choose a program that is entirely taught in English, you will have to take and pass the Italian language test in order to be admitted into the programs. If you do not pass this test, you cannot enroll and you will have to leave Italy before the expiry date of your visa. The procedure to carry out the Italian language test is available in the following website:

Residence permit request
Within eight days of your arrival in Italy with a “D” type national student visa, you will have to submit a residence permit request to the competent “Questura” (specific police office) of the city where you intend to establish your residence. The application can be submitted to the Post Office using the appropriate kit. Applying implies the payment of taxes. Applicants will be notified about the date where they shall go to the appropriate offices of the Questura, bring photographs, and undergo a fingerprint check. If the application has to be integrated with additional documentation, you will be informed by SMS or a registered mail. You can check the status of your request on the Police website or immigration portal.

Fiscal Code request
The fiscal code is a 16-digit alphanumeric code, issued by the income revenue authority (“Agenzia delle Entrate”) for free, which uniquely identifies Italian and foreign citizens. With the fiscal code, you may:
- enroll in an Italian university
- open a bank account
- sign a contract (rent, telephone contract, etc.)
- register with the National Health System (SSN)
Citizens who are resident abroad may apply for one at the Italian Diplomatic Representation in the country of residence. In Italy, however, it has to be requested at the nearest "Agenzia delle Entrate" (income revenue authority) of the city where the student lives. The following Agenzia delle Entrate Office is the closest to the university:
Roma 5 Tuscolano –110, Via di Torre Spaccata - Phone: +39 06526061 -Fax: +39 0650763658 - email address: dp.iiroma.utrom@agenziaentrate.it – Opening times: Monday, Wednesday, Friday from 7:50 am to 1:30 pm; Tuesday and Thursday from 7:50 am to 3:30 pm.
You can visit the Agenzia delle Entrate website at: http://www1.agenziaentrate.gov.it/english/
ATTENTION: to be assisted in preparing the documentation please refer to the Welcome Office.

Health Insurance
A health insurance valid for Italy is extremely important in order to apply for a residence permit within 8 days of your arrival in Italy. In cases where you have not obtained health insurance in your country of origin and have not had it validated by an Italian Diplomatic Representation, you can choose between two options: either a private health insurance, or a voluntary registration with the SSN (National Health System).
Your registration with the National Health System (SSN), which lasts a year, gives you the opportunity to choose a doctor, who will take care of your health problems for free and will be able to prescribe drugs, examinations and any specialist visits in exactly the same way as an Italian citizen.
For any information regarding this matter, please check the following website: http://www.salute.gov.it/portale/temi/p2_6.jsp?lingua=italiano&id=1764&area=Assistenza%20sanitaria&menu=stranieri

NOTE: Students who have not passed the admission test or who do not obtain a place in another university or program, despite having achieved a qualifying score, must leave Italy no later than the expiry date of their visa or of their residence permit for study purposes (except for those holding other residence permits which entitle them to stay legally after that date).

5.2.5 - Admission requirements
In order to be admitted into bachelor’s degree programs and one-cycle degree programs, it is compulsory to hold a diploma obtained abroad after a minimum of 12 years of education and which allows you to enroll in a university in your Country.
In order to compensate for any missing years of schooling, where it is necessary to evaluate qualifications obtained at the end of a school education of less than 12 years, higher education institutions may alternatively request:

The certifications for passing foundation courses can also be used in order to fill those additional requirements required for entry to the courses, which are different from the years of schooling, but in no case can they remedy the absence of a “Diploma of upper secondary school or other qualification obtained abroad, recognised as acceptable” (Ministerial Decree 270/2004 and Presidential Decree 212/2005).

A pre-school year can also be considered a 12-year equivalent if the attendance was compulsory and part of the curriculum, and also in cases where the pre-school program was provided with the teaching of reading and writing in the language of the given Country together with some basic mathematics.

Information concerning the payment of the tuition fees for the 2021/2022 academic year are available in this guide (see Chapter 7 "Taxes and contributions").

5.3 - MARCO POLO Project Chinese students

The “Marco Polo” Project consists in a governmental agreement, between Italy and China, with the purpose of supporting the presence of Chinese students in Italian universities. The students who participate in this project will have a chance to arrive earlier than other international students in Italy in order to learn Italian for 10 or 11 months (level of Italian required B2).

The end of the course after passing the final test and the admission test provided for the admission to the chosen programme, students will be able to enroll following the procedures reported in the public call of the specific programme.

5.3.1 - Before you leave

a. Check the public call for the specific programme at the following link: Offerta Formativa (Available Courses);

b. Check the seats reserved for Marco Polo Project students at the following link: offertaformativa.miur.it

For each programme it is established a reserved number of seats for non-EU students not resident in Italy. In order to obtain the study visa from the Embassy or Consulate to enter in
Chapter 5 - Enrollment procedures for international students

Italy, you are required to fill out the pre-enrollment application on-line through the Universitaly portal.

When filling out the application, please enter:

– the Tor Vergata University of Rome as your chosen University;

– the University programme you are interested in and the place where you will attend the course of Italian language and culture;

– the Embassy/Consulate where you need to apply for the Visa.

The pre-enrollment application will be verified by Tor Vergata University of Rome and forwarded to the Embassy or Consulate you have declared in your application.

⚠️ VERY IMPORTANT NOTE:

It will be in any case mandatory to go the Embassy/Consulate in order to finalise the pre-enrollment procedure and obtain the Study Visa. We strongly recommend to bring to your Embassy/Consulate all your documents long in advance.

Note that the pre-enrollment does not guarantee the admission to the programmes. In order to enroll you need to sit for and pass the requirements verification and/or the admission tests provided for the programme you are interested in.

After the pre-enrollment, if an Italian language course is required for these Chinese students, it is recommended that the Italian language course duration is not inferior to 10 months (preferably 80/100 monthly hours) in order to guarantee a consistent and continuous exposure to the Italian language to obtain a B1 starting level with the aim of a progressive language skills improvement in the following years.

Tor Vergata University of Rome, as part of the Marco Polo Project, provides an 11-month Italian language and culture course for a total of 1,000 hours. The deadline for the pre-enrollment of Chinese students is 31st July 2021.

For more precise information please contact: info.linguaitaliana@uniroma2.it.

5.3.2 - Once in Italy

Residence permit request

Within eight days of your arrival in Italy, you will have to submit a residence permit request to the competent “Questura” (specific police office) of the city where you intend to establish your residence. The ministry rules concerning the request are available at http://www.studiare-in-italia.it/studentistranieri/. You can also request a residence permit before your arrival in Italy by filling in the appropriate form with the assistance of Uni-Italia. The application on site is forwarded to the competent institutions only if you already have a study visa. Uni-Italia will provide the information necessary for the completion of the procedure in Italy.
Chapter 5 - Enrollment procedures for international students

Fiscal Code request
The fiscal code is a 16-digit alphanumeric code, issued by the income revenue authority ("Agenzia delle Entrate") for free, which uniquely identifies Italian and foreign citizens.
With the fiscal code, you may:
- Enroll in an Italian university
- Open a bank account
- Sign a contract (rent, telephone contract, etc.)
- Register with the National Health System (SSN)
Citizens who are resident abroad may apply for one at the Italian Diplomatic Representation in the country of residence. In Italy, however, it has to be requested at the nearest "Agenzia delle Entrate" (income revenue authority) of the city where the student lives. The following Agenzia delle Entrate Office is the closest to the university:
Roma 5 Tuscolano – 110, Via di Torre Spaccata - Phone: + 39 06526061 - Fax: + 39 0650763658 - email address: dp.iroma.utroma5@agenziaentrate.it – Opening times: Monday, Wednesday, Friday from 7:50 am to 1:30 pm; Tuesday and Thursday from 7:50 am to 3:30 pm.
You can visit the Agenzia delle Entrate website at:
http://www1.agenziaentrate.gov.it/english/

Health Insurance
A health insurance valid in Italy is extremely important in order to apply for your residence permit within 8 days of your arrival in Italy. In cases where you have not obtained health insurance in your country of origin and have not had it validated by an Italian Diplomatic Representation, you can choose between two options: either a private health insurance, or a voluntary registration with the SSN (National Health System).
Your registration with the National Health System (SSN), which lasts a year, gives you the opportunity to choose a doctor, who will take care of your health problems for free and will be able to prescribe drugs, examinations, and any specialist visits in exactly the same way as an Italian citizen.
For all information regarding this matter, please check the following website: http://www.salute.gov.it/portale/temi/p2_6.jsp?lingua=italiano&id=1764&area=Assistenza%20sanitaria&menu=stranieri

White Code
The Tor Vergata University of Rome is delighted to offer a new service that will guarantee free access to basic healthcare prior to registration with the Italian National Healthcare (Servizio Sanitario Nazionale). A clinic is open on Mondays and Thursdays (from 2pm to 4 pm) at the Tor Vergata Policlinico. For info send an email to whitecode@med.uniroma2.it.

5.3.3 - Admission tests
Where required, you must sit the admission test for the course you have chosen following the procedures explained in the various calls/announcements published on the university webpage “Offerta Formativa”:
http://web.uniroma2.it/module/name/Content/newlang/italiano/navpath/OFF/section_parent
Once passed the test, if you satisfy the admission requirements listed in 5.3.5, you can enroll in accordance with the instructions contained in 5.3.6.

5.3.4 - Reassignment for non-EU students
If you have not ranked among the admitted applicants, within the terms established by the MIUR (The Ministry of Education, Universities and Research) after publication on the website (www.studiare-in-italia.it), you can apply for:

a. admission to another program at the same university;
b. reassignment for the same program or a different one, in a different university.

Application for point b) must be submitted to the dean of the university where you are going to transfer and also to the dean of the university where you sit the test.

ATTENTION: students who have not passed the admission test or who do not obtain a place in another university or program, despite having achieved a qualifying score, must leave Italy no later than the expiry date of their visa or of their residence permit for study purposes, except for those holding other residence permits which entitle them to stay legally after that date.

5.3.5 - Admission requirements
In order to be admitted into bachelor’s degree programs and one-cycle degree programs, it is compulsory to hold a diploma obtained abroad after a minimum of 12 years of education and which allows you to enroll in a university in your Country. It is additionally required that you pass an academic qualifying examination, when required in your Country (i.e. GAO KAO in China). For this academic year, to the students who did not obtain a degree, it will be issued a Declaration of Value only if a score of at least 400/750 is obtained at the Gao Kao, according to the regulation extablished by the Italian diplomatic authorities in China. For students from Hong Kong and Macao, not subject to the Gao Kao exam, the documentation has to be provided to the Italian competent authorities, which, once verified the validity, will issue the Declaration of Value.

For further information on valid qualifications obtained abroad, please check the ministerial procedures published at the following link: http://www.studiare-in-italia.it/studentistranieri/

To be admitted into master’s degree programs (two-year programs), you need a qualification obtained in a foreign university or a post-secondary qualification achieved in a non-university higher education Institute, which allows you to continue your studies in the academic institutes in your Country.

Chapter 6– Registration in academic years following year one

Each year students have to re-enroll. Therefore, in order to take the exams, students have to be enrolled in the 2021/2022 academic year (as a precaution, too) and fulfill the obligations relating to the payment of taxes and contributions.

In order to enrol in the second year and the years that follow, you must pursue a very simple procedure which can be carried out exclusively online (there is no need to go to the Student Secretarial Office).

6.1- How to enroll in your second year and following years

The enrollment procedure for your second year or following years is possible only if you have duly paid your previous year(s) university fees.

INSTRUCTIONS ON THE REGISTRATION PROCEDURE FOR YEAR TWO AND FOLLOWING YEARS

b. Select Student Section, Key 3 – “Enrollment in year two and following years”;
c. Digit your personal ID number (matricola) and password in order to gain access to the student section;
d. Modify or confirm existing data;
e. If you wish to pay the second installment of university fees and contributions in one payment (instead of two), select the appropriate option;
f. Select “print”: the system will issue your application and pay slip for the payment of the first installment;
g. Pay the participation fee due via PagoPA system, allowing to pay in different ways (traditional and online procedures). Links and further information are available on the following website: studenti.uniroma2.it/pagamento/
h. Link again to the Delphi Online Services website and validate your payment by tapping the “Convalida PagoPA” within 48 hours from the payment time
i. For students who are exempt from the payment of university fees, a pay slip marked ZERO Euros has been used for validation purposes.

You must not deliver any documents to the Student Secretarial Office. The online payment validation is indispensable in order to complete the enrollment process.

EXPIRY DATE
Chapter 6 – Registration in academic years following year one

Please note that students who fail to pay their first installment by 5th November 2021 shall pay a penalty. Registration is possible until 31st March 2022.

Students who wish to apply for university tax reductions must, through their reserved area of the Delphi portal, authorize the university to consult the INPS database in order to obtain their ISEE-UNIVERSITY certificate. The deadline for this procedure is December 17th, 2021. If the “Dichiarazione Sostitutiva Unica” (DSU) which is used to apply for an ISEE-UNIVERSITY certificate from INPS is not issued by 17th December 2021, the procedure can be repeated but a penalty shall be paid. For more information, consult Chapter 7.4-ISEE-UNIVERSITY.

TOTAL AND PARTIAL EXEMPTION FROM PAYMENT OF TAXES AND CONTRIBUTIONS

There are various types of total and partial exemption from the payment of fees and contributions for certain categories of students. Instructions regarding how to gain access to the above-mentioned benefits are provided in paragraph 7.6 “Exemptions” (Chapter 7 “Taxes and contributions”).

Students who have applied for a DISCOLAZIO scholarship, in the event that this scholarship is not awarded or is withdrawn, in order to obtain tax reductions, will have to, however, through their reserved area of the Delphi portal, authorize the university to consult the INPS database in order to obtain the ISEE-UNIVERSITY certificate. The deadline for this procedure is 17th December 2021.

6.2 - Enrolment in year two and following years with residence permit

If you are a non-EU student holding an Italian residence permit, in order to proceed with your enrollment for the academic year 2021/22, you must enter the data regarding the residence permit and upload the relative documentation using the documentation upload function, which can be accessed with your registration matricola and password.

At the end of the procedure you need to go to the student secretariat of your course to verify the authenticity of the information entered on the delphi.

We remind you that the renewal of the residence permit must be requested to the Questura of the province in which you reside at least sixty days before the expiry date. In order to know the requirements for the renewal you can consult the current procedures for the entry, stay and enrollment of international students at the following link: https://www.studiare-in-italia.it/studentistranieri/ - part IV point 4)

If you are a non-EU student in possession of a type "D" student visa, within eight working days from your arrival in Italy, you must submit the application for the residence permit for study purposes to the competent Questura in the city where you intend to establish your
residence. You will have to hand in the receipt of the payment together with the required academic documentation to the international students office in order to complete the enrollment.

6.3 - Deadline extension for the enrollment of graduates (PRECAUTIONARY APPLICATION)

If you are planning to graduate in the winter session or in the final session of the 2020/2021 academic year, there is a legal ruling that allows students to put off their registration for the 2021/2022 academic year. However, you will, in any case, have to fill in an application for registration in the 2021/2022 academic year labeled "PRECAUTIONARY APPLICATION".

REQUIREMENTS

In case students have not duly paid their taxes and university fees for the previous academic year, this procedure will not be possible.

EXPIRY DATE

The precautionary application must be completed and validated by 31st December 2021 and retained by the student. This precautionary application must not be submitted to the Student Secretarial Office.

INSTRUCTIONS ON THE "PRECAUTIONARY APPLICATION" REGISTRATION PROCEDURE

b. Select Student Section, Key 3 – “Enrollment in year two and following years”
c. Digit your personal ID number (matricola) and password in order to gain access to the student section
d. Modify or confirm existing data
e. Click on "Domanda cautelativa” (Precautionary Application)
f. Select “print”: the system will issue your application and pay slip for payment
g. Pay the participation fee due via PagoPA system, allowing to pay in different ways (traditional and online procedures). Links and further information are available on the following website: studenti.uniroma2.it/pagamento/
Chapter 6 – Registration in academic years following year one

h. Link again to the Delphi Online Services website and validate your payment by tapping the “Convalida PagoPA” within 48 hours from the payment time
i. For students who are exempt from the payment of university fees, a pay slip marked ZERO Euros has be used for validation purposes.

VERY IMPORTANT

Students that have submitted a "Precautionary Application" in order to obtain a reduction in taxes and contributions but have failed to graduate in time, will have to, however, through their reserved area of the Delphi portal, authorize the university to consult the INPS database in order to obtain their ISEE-UNIVERSITY certificate. The deadline for this procedure is 17th December 2021.

In cases where students have enrolled for the 2021/2022 academic year without a precautionary application, it will, however, still be possible to submit a late request by formally submitting the request to the Student Secretarial Office in question which will verify the validity of the application. If the late request is made by 31st January 2022 and is accepted, students will be refunded.

CANCELLATION OF PRECAUTIONARY APPLICATION

If students fail to graduate in the final session of the 2020/2021 academic year, they must connect again to their Delphi (https://delphi.uniroma2.it/totem/jsp/index.jsp?language=EN) personal page and select “Cancelling a Precautionary Application”.

The system will cancel the "Precautionary Application", and will proceed with the enrollment of the student in the 2021/2022 academic year issuing a pay slip regarding the first installment of university fees to be paid and validated, so that the system can print out the pay slip for next installment.

The first and second installments must be paid, in any case, no later than 6th June 2022.

You must pay a €100.00 penalty every time a payment is made after a deadline. The penalty will automatically be added to the following installment.

6.4 - Enrollment as a part-time student

Should students for work, family, medical, personal and other similar reasons consider it difficult to study the standard number of hours required in an academic year, they can choose to attend a university course part time. Students choosing this option will increase the number of academic years but can benefit from a 30% fee reduction. For more details, see Chapter 7–“Taxes and Contributions”.

43
Chapter 6– Registration in academic years following year one

The choice of a part time course is irrecoverable, while students that have enrolled in a full-time course can change and opt for a part-time one. 

The 30% reduction for part-time students cannot be added to the exemptions listed in chapter 7.6.2: "Partial Exemptions".

When you can choose the part-time option

It is possible to request the part-time option at the beginning of each academic year after having enrolled or registered in the academic years that follow. Students selecting this option in cases where they are enrolling or when registering in subsequent years must apply by 31st December 2021.

It is important to check, before proceeding with the application, whether the course of study provides for the possibility of part-time.

For part-time enrollment in healthcare area degree courses, part-time registration is only possible from the second academic year onwards and can only be requested for one year.

Natural duration of degrees and the arrangement of different course length

It is possible to apply for part-time conditions after initial enrollment and arrange a course length that is twice as long as the standard degree course, unless there are other time limits imposed directly in the didactic regulations of your course.

At the end of this period, students will be considered part-time students who are "fuori corso". You can still benefit from a 30% reduction but the payment will be calculated according to the "maximum tax" for your course. For more details, see Chapter 7–"Taxes and Contributions".

In cases where students:
- obtain over 36 ECTS credits (CFU) they will not be considered eligible for a discount in that year;
- obtain the number of ECTS credits (CFU) needed to qualify for the final exam in order to complete their degree before the time limit for a part-time course, they will, in any case, have to pay their fees for the entire period established.

The part-time option cannot be considered in any way differently from the normal duration of a university course regarding, for example, how many academic years should be taken into consideration when calculating retirement pensions and social security contributions. Certification, therefore, will indicate "normal" concerning the duration of the course from a juridical point of view together with the actual "agreed" duration for the part-time course.

---

INSTRUCTIONS ON YOUR PART-TIME REGISTRATION PROCEDURE

b. Select Student Section, Key 3 “Enrolling part-time”.
c. Fill in the online application regarding the part-time option.

44
This application will be received by the Student Secretarial Office, which will check the validity of the information contained before sending it to the Committee of the Didactic Structure (Consiglio di Corso di Studio) in question. In fact, the Committee of the Degree course will have to decide whether or not to accept the part-time option request, and can also provide students with a didactic proposal in order to help them better organize their studies. Once the Student Secretarial Office in question has received the decision of the Committee of the Degree Course, students will be summoned in order to sign the contract at the Student Secretarial Office. They will also have to submit their self-certification concerning the work, family, medical or personal reasons which motivated their decision to opt for a part-time solution.
Chapter 7 – Taxes and contributions

The Tor Vergata University of Rome, in accordance with the provisions of art.1, c.254 of Law n.232 11 December 2016 "State budget for the financial year 2017 and multi-year budget for the three-year period 2017-2019", has defined the levels of student contributions for the courses of study in accordance with the principles of equity, gradualness and progressiveness, in order to guarantee the right to study and to reward commitment and merit.

Therefore, the University has set up for the academic year 2021/2022 a system for calculating student contributions as follows:

A) an all-inclusive contribution that takes into account the ISEE-University, the Degree Course, the cfu acquired and the cohort.

The all-inclusive contribution is defined by the contribution class of the course of study as shown in the following table:

</table>
For each class of contribution, three types of taxation have been defined that take into ECTS acquired and the number of years of enrollment in the course and have been so articulated:

**Ordinary taxation:** applicable to those students who:

a. **enrolled in a degree course in the 2021/2022 academic year;**

b. enrolled in the 2020/2021 academic year and who have **obtained at least 10 ECTS credits** (or 6 ECTS credits for part-time students) from 10th August 2020 to 10th August 2021;

c. registered **within a delay of maximum one year later than the natural duration of the course and having obtained at least 25 ECTS credits** (or 18 ECTS credits for part-time students) from 10th August 2020 to 10th August 2021.

**No-tax area**

Within this Ordinary taxation, a no tax area is meant for students who have an ISEE-UNIVERSITY not exceeding 26,000 Euros.

**Partial exemption**

Within this Ordinary taxation, a partial exemption is meant for students whose the ISEE-UNIVERSITY is between 26,000 and 30,000 Euros.

**Superior taxation:** applicable to those students who do not fall under the ordinary taxation and are registered within a delay of maximum one year later than the natural duration of the course and have obtained at least 12 ECTS in the period from 10th August 2020 to 10th August 2021.

**Partial exemption**

Within this Superior taxation, a partial exemption is meant for students whose the ISEE-UNIVERSITY is between 20,000 and 30,000 Euros.

**Maximum taxation:** applicable to those students who do not fall under the ordinary or superior taxation and are:

a) registered with a delay of more than two years later than the natural duration of the course;  
b) registered within a delay of maximum one year later than the natural duration of the course and have not obtained at least 12 ECTS credits (less than 6 ECTS in the case of students enrolled in the second year) from 10th August 2020 to 10th August 2021.

The tuition fee will be calculated based on the ISEE-UNIVERSITY, as follows:

- for an **ISEE-UNIVERSITY between 0 Euros and 90,000 Euros:** the contribution will be proportional to the value and will vary according to the contribution class and the type of taxation of the course;  
- for **ISEE-UNIVERSITY of more than 90,000 Euros or for students that have no ISEE-UNIVERSITY:** the contribution will be the maximum foreseen for the contribution class and type of taxation of the course.
B) Non-EU students, for which the ISEE calculation is inapplicable in compliance with art. 8, paragraph 5, DPCM no. 159 dated 2013, enrolled in an academic year following the first one, have to pay, in addition to the regional tax and the stamp duty, a fixed annual contribution based on their Country of origin, as follows:
- 500.00 Euros if coming from the so-called “developing countries”, as defined in the decree no. 62 dated 6th May 2020 issued by the MIUR;
- 1,000.00 Euros in all other cases.

C) Starting from the freshmen 2020/2021 and, for the single-cycle Master's Degree Courses in Medicine and Surgery and Pharmacy-Pharmacy, from the freshmen 2021/2022, non-EU students, for whom the ISEE calculation is inapplicable according to art. 8 paragraph 5 of DPCM 159/2013, in addition to the regional tax and stamp duty, are required to pay:
a. the all-inclusive annual fixed contribution of 2,500.00, even if in possession of the DISCOLAZIO scholarship, for the Bachelor and Master Degree Courses in English "M.Sc. Business Administration", "M.Sc. Finance and Banking", "B.Sc. Business Administration and Economics", "M. Sc. European Economy and Business Law", "M.Sc. Economics", "B.Sc. Global Governance" and "Magistrale a ciclo unico in Farmacia-Pharmacy" and "Magistrale a ciclo unico in Medicine and Surgery"; DISCOLAZIO scholarship winners are not required to pay the regional fee;
b. fixed annual all-inclusive contribution according to the country of origin, even if in possession of the DISCOLAZIO scholarship (DISCOLAZIO scholarship winners are not required to pay the regional fee) as follows:
- euro 500.00 for students coming from so-called developing countries as defined by MUR Decree n.156 of 12/02/2021 4;
- euro 1,000.00 for all other non-EU students.

Enrollment of international students in higher education courses in Italy
Due to the persistence of the COVID-19 emergency situation, the physical mobility of foreign/international students towards Italy may be slowed down also for the issuing of visas for study purposes.
Waiting for specific indications from the MUR and in order to ensure the effective enrollment, foreign/international students will have to make a pre-registration to the a.y. 21/22 paying a contribution of € 200,00. This amount, at the completion of matriculation will be deducted from the university contribution; otherwise, it will not be refunded.

On-line or blended courses within the field of Humanities (Lettere e Filosofia)
Also for the 2021/2022 academic year, the taxation of the previous year, i.e. the contribution class 1 reduced by 20%, is confirmed.

**ATTENTION:** in order to better understand the taxation system, a fee simulator is provided here: [http://studenti.uniroma2.it/](http://studenti.uniroma2.it/) (select: “Simulatore tasse”).

### 7.1 - Verification of merit requirements for the calculation of university fees

The evaluation system regarding merits (the number of ECTS credits obtained) is calculated automatically and requires no official application by the student. The ECTS credits (CFU) must be obtained within the 12 months before August 10\(^{th}\) preceding registration. Only the registered exams within the above-mentioned date will be considered, except for credits obtained after an internship attended by students of health care degree courses. In this case, credits will be considered even if registered later than August 10\(^{th}\) and before September 30\(^{th}\). ECTS credits (CFU) of eventual “integrated” exams need to be registered by August 10\(^{th}\). Credits obtained abroad at partner Universities during a student mobility program will be evaluated only if registered in the twelve months before August 10\(^{th}\), preceding registration.

### 7.2 – Payment and deadlines of tuition fees

Students who intend to make use of the services provided by the Tor Vergata University of Rome must be **up to date** with the payment of fees and university contributions. Students who have not duly paid their fees:

- cannot take exams
- cannot obtain any certificate relative to their student career
- cannot transfer credits to another university.

Fees and contributions have to be paid in the following way.

**A) First installment**

All students (except for those who are exempt from payment) must pay the first installment, which includes:

1. €16 stamp duty
2. €140 regional fee
3. university tuition, which varies according to the type of taxation:
   - Ordinary taxation: 0 Euros
   - Superior taxation: 200 Euros
   - Maximum taxation: 332 Euros

An example of how the first installment is calculated is shown below.

Use only the payment slip issued by the system at the moment of enrollment/registration. Any other payment made and in any other way (i.e. through a direct credit transfer) will not be considered valid in the enrollment procedure and will not be refunded.
Chapter 7 – Taxes and contributions

7.4 - ISEE–University

Students who wish to apply for university tax reductions must, through their reserved area of the Delphi portal, authorize the university to consult the INPS database in order to obtain their ISEE-University certificate. The deadline for this procedure is 17th December 2021.

Students who decide not to apply for a reduction in tuition fees, who do not have a valid ISEE-University, who have an ISEE-University of more than 90,000 Euros or who do not authorize the consultation of the INPS database will automatically have to pay the maximum fee for their contribution class.

The university will not accept ISEE certifications that:
- have expired and which are therefore invalid
- are incomplete or compiled in the wrong way
- are deemed to be ineligible to obtain tax benefits for university studies.

After the acquisition of the ISEE-University certification, taxes and contributions will be recalculated. Following this, no new forms of certification will be permitted for the remaining part of the academic year.

7.4.1 – What is an ISEE certification and what is it for?

The ISEE certificate (Indicatore Situazione Economica Equivalente - Equivalent Economic Situation Indicator) is the instrument for assessing the economic situation of individuals who request subsidised social benefits. It is reserved for students from EU and non-EU countries who belong to a family unit with declared incomes in Italy. This can be obtained by combining and considering three elements: income, assets, and family. For the purpose of tuition fees, if parents are not members of the family unit, students can be considered to be a single member of the family only in the following cases:
- students have not been living in the original family home (or in a house owned by a family member) for at least two years since the date of their original enrollment application for each time they apply for a course;
- the student has an adequate income.

If both conditions are not satisfied, students will be considered as a member of their parents’ family.

In accordance with current legislation, the only ISEE considered valid for the calculation of tax brackets and other benefits provided by the university is the ISEE-University.

7.4.2 – How to apply for an ISEE-University

In order to obtain the ISEE for services regarding the right to study (ISEE-University), students must fill in the form entitled “Dichiarazione sostitutiva unica(DSU) integrale”. The DSU contains information about the family and its members and about the assets and incomes of each member of the family. It must be filled out and handed in at the following offices:
- Centri di Assistenza Fiscale (CAF);
- INPS, also online using the INPS portal.
Once compiled and submitted their DSU, students must wait for an average of ten working days to obtain their ISEE-University.
Given that in order to compile the DSU a lot of information concerning property, assets, and income must be collected, the procedure may be time-consuming. **Students should submit their DSU as soon as possible** to the CAF office which will provide the ISEE-University. **The university cannot offer a direct DSU service.**
As soon as INPS or CAF provides the ISEE-University certification, the student must check on the Delphi platform that the uploaded document is correct and control the amount to be paid in the second installment.
Should any errors come to light, the student must report them through the following email address: caf@supporto.uniroma2.it.

### 7.4.3 – Foreign Students

In order to access the benefits provided for the reduction of university contributions, EU students belonging to a family unit whose income was earned abroad and who register or enroll in years following the first one have to obtain the ISEE-University certificate (data collection form for university indicator) at any CAF at national level by 17 DECEMBER 2021 and deliver it to the Student Secretarial Office.
To obtain an ISEE-University certificate, students must provide details regarding their incomes and assets in Italy and their incomes and assets abroad of each member of their family.
These documents need to be issued by the competent authorities in the country where the incomes are produced. They must also be officially translated by the Italian Diplomatic Authorities of that country together with the income expressed in Euros.
In those countries where obtaining such documents is difficult, the documentation may be requested at the foreign diplomatic Authorities in Italy and certified by the Prefecture in accordance with art. 33 DPR no. 445 dated 28th December 2000.
For foreign students coming from one of the particularly poor countries indicated by the regulations in force on the subject, the evaluation of the income requirement is carried out on the basis of documentation issued by the Italian Representation in the country of origin certifying that the student does not belong to a family known to have a high income and high social level (DPCM 9/4/2001).
Once the certificate has been obtained, the student must bring to the student secretariat a copy of the ISEE-University equivalent issued by the CAF with a copy of the certification used for the issuance of this certificate and send it by email to caf@uniroma2.it.
Following this, students will be able to check the amount they will have to pay in their second installment.
Should any errors come to light, students must report them to the following email address: caf@supporto.uniroma2.it.
For more info on the ISEE-University, please consult paragraph 7.4 of the present guide book or visit: [http://studenti.uniroma2.it/](http://studenti.uniroma2.it/).

### 7.4.4 – Deadline for the ISEE-University submission

The ISEE-University certification regarding the right to participate in a university course must be applied for by 17th December 2021. On receiving the ISEE certification, students, through
the Delphi portal, must immediately authorize the university to obtain the ISEE-U from the INPS portal within the validity period of the certificate. Through the Delphi portal, student must authorize the university to acquire the ISEE-U from the INPS portal within the validity period of the certificate.

Students who already have a valid ISEE-University do not need to apply for a new ISEE-University certificate for enrollment in the 2021/2022 academic year but must authorize the university to acquire the ISEE-University certificate from the INPS database through its reserved area of the Delphi portal by 17th December 2021. Therefore, students must not consign any document to the university, nor should they send their ISEE-University by email.

Should the DSU not be presented by the deadline of 17th December 2021, students will be placed in the highest income bracket and therefore will not be entitled to any reduction in their tuition fees.

If the DSU is presented after 17th December 2021, a penalty will be applied as follows:

<table>
<thead>
<tr>
<th>Application dates</th>
<th>Penalty</th>
</tr>
</thead>
<tbody>
<tr>
<td>From 18th December 2021 to 16th March 2022</td>
<td>150.00 Euros</td>
</tr>
<tr>
<td>From 17th March 2022 to 29th May 2022</td>
<td>200.00 Euros</td>
</tr>
</tbody>
</table>

The penalty for the late submission of ISEE-University may be combined with other penalties such as a late payment of tuition fees. The penalty for the late transmission of your ISEE-University will not be applied in the following cases:

- enrollment in a degree (bachelor, master and one-cycle master’s degree) if the deadline for the enrollment is later than 1st December 2021;
- enrollment in courses with an admission test after 1st December 2021;
- enrollment after 31st December 2021 due to a transfer from another university.

Students must retain their ISEE-University certificate as the university may in the future request to check it.

**ATTENTION**

After the acquisition of the ISEE-University certification, the taxes and contributions will be recalculated. Following this, no new forms of certification will be permitted for the remaining part of the academic year.

**7.4.5-Recommendations**

- Students who have applied for a DISCOLAZIO scholarship, in the event that this scholarship is not awarded or is withdrawn, in order to obtain tax reductions, will have to, however, through their reserved area of the Delphi portal, authorize the
university to consult the INPS database in order to obtain their ISEE-University certificate. The deadline for this procedure is 17\textsuperscript{th} December 2021.

- Students who submit a “domanda cautelativa” (precautionary application) in order to obtain a reduction in tuition fees due to their income and **who fail to graduate in time** must, through their reserved area of the Delphi portal, authorize the university to consult the INPS database in order to obtain their ISEE-University certificate. The deadline for this procedure is 17\textsuperscript{th} December 2021.

7.5 - Exemptions

7.5.1 – Total exemptions

The following types of exemptions are to be considered for those students that are enrolled in bachelor’s and master’s degree courses, and one-cycle master’s degree courses.

A) **Students with disabilities**

Students with certified disabilities, equal to or higher than 66\%, or students with disabilities in accordance with art. 3, paragraphs 1 and 3, law no. 104 dated 5\textsuperscript{th} February 1992, are totally exempt from the payment of taxes and tuition fees at initial enrollment and registration in the following academic years. Documentation, issued by a competent body, must be provided to demonstrate students’ disability, which must be submitted to the Technical Secretary of the Committee for the Disabled (Segreteria Tecnica della Commissione per l’inclusione degli studenti conDisabilità) and DSA (CARIS) in 1, via del Politecnico (Faculty of Engineering).

In accordance with art. 5, law by decree no. 221 dated 7\textsuperscript{th} May 1999, wounded and mutilated war victims are to be included in this category.
INSTRUCTIONS ON THE EXEMPTION PROCEDURE

Students that are entitled to total exemption must follow the above-mentioned enrollment instructions clearly stating the reasons behind their request (disabilities/victims of crime). The system will release a €0 bank pay slip, which must be validated with the AUTH code printed on the slip. Students are required to consign their documentation certifying their disability to the Technical Secretary of Commission for the Disabled (Segreteria Tecnica della Commissione per l’inclusione degli studenti con Disabilità) and DSA (CARIS) (segreteria@caris.uniroma2.it), within 60 days of their enrollment.

CARIS will check students’ eligibility and, if it is considered valid, will:
• validate fee exemption;
• email the student in order to confirm the exemption of fees;
• send a copy of the disability document to the Student Secretarial Office.

If it is not considered valid, CARIS will:
• rehabilitate the payment of the first installment;
• email the student informing him/her that they must pay the first installment;
• inform the Student Secretarial Office that the student is not eligible for exemption.

In case of “temporary invalidity”, students must address to CARIS (1, Via del Politecnico - Rome) before the enrollment in each academic year.

B) Victims of organized crime and terrorism, plus victims injured in the course of duty
Students who have become invalid or are sons and daughters of invalids as a result of acts of terrorism or organized crime in Italy are totally exempt from the payment of fees and university fees for enrollment in degree courses and subsequent registration in the academic years that follow. In accordance with the DPR no. 243 dated 7th July 2006, the victims of terrorism and organized crime are to be considered equivalent to victims injured in the course of duty together with their family members and children (100% disability) in accordance with art.30, law no. 118/1971.

C) Political refugees
Foreign citizens who have been officially recognized as political refugees in accordance with the Geneva Convention of 28th July 1951 and ratified through law no. 722 dated 24th July 1954 are exempt from the payment of university fees. Please note that political refugee students who do not maintain the pace of the exam program of the degree course or have gone beyond the natural duration of their course (fuori corso) are not entitled to this exemption. The percentage of students who can benefit from this exemption can be no higher than 5% of the total number of foreign students enrolled in the previous academic year. Students must prove their status of political refugee by providing official documentation issued by a specific Italian Commission for Political Refugees of the Ministry for Internal Affairs.
Chapter 7 – Taxes and contributions

D) **Recipients of DISCOLAZIO Scholarship**
Students who have applied for a DISCOLAZIO scholarship must pay only a virtual stamp duty (marca da bollo) of 16.00 Euros. If they are neither winners nor eligible, following publication of the final DISCOLAZIO ranking list, they will have to pay their first installment within 30 days from when they have access to the payment procedure. The following payments will have the same deadlines as those foreseen for all students, or if more favourable, within 30 days of the deadline established for the first installment. Any students that make their payments after the expiry date will have to pay a penalty of 100.00 Euros.
If students do not validate their payment, their application will be considered invalid and they will lose all rights to a DISCOLAZIO scholarship.
In case DISCOLAZIO scholarship is not awarded or is withdrawn, if applicants are going to request tax reductions, they shall, through their reserved area of the Delphi portal, authorize the university to consult the INPS database in order to obtain their ISEE-UNIVERSITY certificate. The deadline for this procedure is 17 December 2021.
Non-EU students enrolled in the 2021/2022 academic year, who do not present the ISEE in conformity with art. 8 of the DPCM no. 159 dated 2013, are required to pay the fixed annual contribution even if in possession of the DISCOLAZIO scholarship (the recipients of the DISCOLAZIO scholarship are not required to pay the regional tax).

E) **Foreign students with scholarships**

8.10 – Enrolling in single-subject courses

As part of your professional upgrading, or curricular development or simply for your general cultural enrichment, you can apply to enroll in single-subject courses that are taught in a
bachelor’s or master’s degree program without having to enroll in the whole program itself. The following requirements are required to be entitled to take these single exams:

- you must be enrolled in a foreign university;
- you are students enrolled in other Italian universities, with permission of the university you are attending or you have applied according to specific agreements;
- you have graduated or have the academic qualification necessary to be enrolled in the degree programs of the university;
- you are graduates that do not have the curricular requirements needed to gain admission to a master’s degree course, and must satisfy such requirements in accordance with the regulations laid out by the degree course committee.

The university governing body annually establishes the amount of enrollment fees that must be paid, with the exception of foreign students participating in inter-university mobility programs. Students enrolled in a degree course cannot register in other paid study courses referred to in this article.

Single-subject courses are subject to the same general or special regulations established for each Department in question, in particular with regard to matters such as attendance. Exceptions regarding propaedeutical sequence may be authorized by the didactic structures involved.

The number of courses that can be attended in one year by the students mentioned in the previous paragraphs is established after evaluation of the sustainable limits of each single-subject course.

The number of places available for degree courses with a limited number of places depends on the evaluation of the Didactic Committee of the degree course in accordance with the facilities available, the sustainable teaching load and curricular requirements.

Students that have signed up for single exams are not eligible to receive the benefits foreseen for students enrolled in the university degree courses, except for students with disabilities and foreign students involved in inter-university mobility programs.

Students enrolled in a degree course cannot contemporarily enrol in individual courses.

Applications for single-subject courses can be submitted:

- for courses starting in the first semester from 17th September 2021 to 30th November 2021
- for courses starting in the second semester from 15th January 2022 to 15th April 2022.

The “Ufficio Rapporti con le imprese, Stage e Placement” of Tor Vergata University of Rome offers activities aimed at promoting its own students and graduates into the labour market. Chapter 8 - During your career

8.12 - Examinations, verifications and issue of certification

8.12.1 - Exams
An exam is a verification that you have to do and pass for each course foreseen in the official and/or individual study plan of your degree course. The minimum grade is 18/30, while the maximum is 30/30 to which can be added a special distinction (cum laude). The final evaluation also takes into account the results of any periodic tests foreseen in some degree programs.

On passing the exam, students receive the number of credits foreseen for each course. At the end of each course, students must take an exam at various time intervals, which are publicized. The type of exam varies according to the study course following the regulations of each didactic structure, which, depending on the specific characteristics of their courses, can establish a limited number of exam dates linked to the running of the course and an obligation to repeat the course if the exams have not been passed. Written exams can consist of quizzes, multiple-choice tests, etc., while oral tests are public.

To be admitted to Exams / Evaluation tests, you must:
- have included the relevant lessons in the approved study plan;
- have obtained their declaration of attendance where foreseen in the course regulations;
- have satisfied the compulsory exam order;
- be in line with the payment of taxes and contributions.

Exams that have been taken without having satisfied all the above-mentioned requirements will be declared null and void. Students will receive written notice regarding the annulment of their exams. Once an exam has been passed, it cannot be repeated. If you have failed an exam, you will not receive a vote, but only a result that will be registered in the exam report (withdrawn or rejected) which will not be included in your curriculum and therefore will not affect the average of your final vote. In order to take an exam, students must have their university transcript of records (Libretto universitario) with them, and, where foreseen, an approved study plan.

8.12.2 - Study plan and exam booking
A study plan is the path that encompasses all your training activities (lessons, laboratories, etc.) that must be carried out to obtain your degree.

Each degree course involves a number of examinations, some of which are compulsory and are foreseen in the didactic program established by institutional bodies. There are others, however, which may be chosen by students. The sum of compulsory examinations and exams chosen by the student constitutes a student's study plan to be followed in order to reach the number of ECTS required to obtain a degree. During the compilation of your study plan, you can choose a part of your examinations from a pre-set list (optional), while others, you have total freedom of choice (free choice).

You can book many macro-area graduation exams online. It is possible to do so from 30 working days before the date of the exam to 4 working days before. The data is always visible. The electronic exam result registration service is directly linked to the above-mentioned booking of exams. This electronic system, through a sequence of automatic
procedures, considerably reduces the student exam result registration times and consequently certification.

8.12.3 - Graduation exam
To be entitled to take your degree and master graduation exam, you must first pass all the exams related to didactic lessons and other forms of test and have completed all the credits foreseen in your study plan.

You must also be up to date with your administrative obligations. In particular, you must be in line with the payment of all your fees and university contributions foreseen in your academic year, including the second installment even if it has yet to expire. It is, however, possible not to pay your university fees for the 2021/2022 academic year if you intend to graduate during the final session of the 2020/2021 academic year (for which you are already registered) by compiling a special PRECAUTIONARY APPLICATION with which you apply for a deferral of your enrollment for the 2021/2022 academic year. For more information, see Chapter 6.3 "Deadline extension for the enrollment of graduates (precautionary application)".

This university has joined the Alma Laurea Interuniversity Consortium, a service which was set up in order to create a link between companies and graduates and to act as a point of reference within the university environment for all those (students, operators, etc.) who are involved, at various levels, in themes relating to university studies, such as employment, the condition of the young etc. The Alma Laurea Consortium, in particular, aims to:

CERTIFICATION INCLUDING/NOT INCLUDING STAMP DUTY
According to the regulations in force, only certificates with the appropriate 16.00 Euros stamp duty (certificati in bollo) can be issued and, in this case, the application is also subject to the stamp duty.

Only in cases where an exemption from stamp study is foreseen by the legislation in force (Annex "B" to DPR no. 642 dated 1972) can a certificate on plain paper be issued (carta semplice). In this case, the party concerned when applying for their certification must state why they are exempt (i.e.: welfare, residence permit, etc.).
