Chapter 3 – Provisional Enrolment Procedure

The study programmes are divided into:

- Degree courses for a limited number of students that require an “admission test” (programmed admission);
- three-year undergraduate courses for an unlimited number of students (a “placement test” is required to check students’ general knowledge);
- Master’s degree courses for an unlimited number of students (a “check of your curricular requirements” and the students’ general academic background is compulsory);
- degree programmes taught in English, where applications are assessed according to specific procedures.

A fee must be paid to participate in the selection process for access to university courses. Students with an officially registered disability equal to or higher than 66% or with any disability, pursuant to art. 3, paras. 1 and 3, Law no. 104 of 5 February 1992, as well as students who have graduated from Tor Vergata University of Rome with a final grade of 110/110 and who wish to enrol in a Master’s degree course, are exempt from paying the above fees.

3.1 - How to take the “admission test”

In order to enrol in a study programme for a limited number of students at national or local level, students must register for, take, and pass the admission test.

INSTRUCTIONS ON HOW TO TAKE THE ADMISSION TESTS

b. Select Student Section, Key 1>Registration to the Admission Tests / Registration to the Compulsory Assessment Test.
c. Complete the application form for the admission test. A form and a payment slip with a CTRL code will then be provided.

e. Link again to the Delphi Online Services website and confirm your payment by tapping “Convalida PagoPA” within 48 hours of the payment date.

Online validation of payment is essential for participation in the admission test.

1 The acquisition time of the PagoPA collection stream is variable and as long as it is not available, the payment cannot be validated.
3.2 - How to register for “Assessment Tests”

To check your general background knowledge, an assessment test is also compulsory even if you wish to enrol in a Bachelor’s degree course designed for an unlimited number of students.

INSTRUCTIONS FOR ASSESSMENT TESTS

2 The acquisition time of the PagoPA collection stream is variable and as long as it is not available, the payment cannot be validated.

3 The acquisition time of the PagoPA collection stream is variable and as long as it is not available, the payment cannot be validated.
Chapter 3 – Provisional Enrolment Procedure

After the application deadline, the Course Committee (Consiglio di Corso) meets to assess each student’s curricular requirements and decide whether or not to admit the student to the degree course according to the procedure described in “Chapter 4 – Enrolment”.

3.4 - Specific procedures for the preliminary assessment of applications for courses taught in English

For degree programmes taught in English, which require a preliminary assessment of applications but not an admission test, the following procedures are compulsory.

1. Foreign/international students whose academic degree was obtained abroad

Foreign applicants legally residing in Italy, as well as applicants residing abroad and awaiting the start of the provisional enrolment procedure with the Italian Diplomatic Institutions in their country of origin, may contact the University by submitting a copy of their academic qualifications to request a provisional evaluation of their CV. The University will then be able to inform applicants about possible admission as well as the academic examinations to be taken for enrolment. Alternatively, the University will recommend enrolment in another study course that it deems more suitable.

INSTRUCTIONS
a. Go to the Delphi Services website: https://delphi.uniroma2.it/totem/jsp/aS_1_1.jsp?opzione=5&language=EN
b. Select Student Section, Key 1 Application to programmes taught in English
c. Fill in the application for preliminary assessment and attach the relevant documentation.
d. After you receive notification of your admission, you can print your letter of admission by selecting item b) in the Student Section. This will allow you to submit your application for a study visa to the Italian Diplomatic Embassy in your country.

Except for the degree courses "Medicine and Surgery" and "Pharmacy".
Chapter 4 – Enrolment

It is possible to start your ENROLMENT PROCEDURE in the following cases:
- if you have passed the admission test (study course for a limited number of students);
- if you have taken the compulsory admission test for a one-cycle three-year degree course (for an unlimited number of students);

N.B. Concurrent enrollment in more than one university, in more than one degree programme, in a one-cycle degree programme, in a specialisation programme, in a doctoral programme, and in a master's programme is not permitted, except for joint participation in a doctoral programme and a medical specialisation programme. Other exceptions are possible if provided for in the applicable regulations.

- foreign citizens who receive a scholarship;
- students who completed their studies with top grades (100/100).

The procedure for the above reliefs is explained in paragraph 7.6 “Exemptions” (Chapter 7 “Taxes and Contributions”).

In the event that the DISCOLAZIO scholarship is not granted or is withdrawn, if applicants wish to claim tax relief, they must authorise the University, through their reserved area of the Delphi portal, to consult the INPS database to obtain their ISEE-UNIVERSITY certificate. The deadline for this procedure is 16 December 2022.

If the DISCOLAZIO ranking determines that students have not received a scholarship and are ineligible, they **must pay a surcharge on the first instalment within 30 days** of the start of the payment process. The deadline for subsequent instalment payments is the same for all students or within 30 days of the start of the first instalment. After this deadline, a penalty of 100.00 € will be due.

**PARTIAL EXEMPTION**

Students who are entitled to this type of tax reduction must consult paragraph 7.6 “Exemptions” (Chapter 7 “Taxes and Contributions”).

### 4.2 - Enrolment in a shortened degree course

Enrolment in a shortened degree course is possible if students have a degree or other academic qualification which, after official validation of the ECTS (CFU) they have earned in their previous degree programme, can be considered sufficient for admission to an academic year following the first year of the degree course they have chosen.

For information on the requirements that must be met to be **eligible for shortened degree courses and the specific procedures that must be followed for enrolment**, please refer to the calls/announcements/information on your chosen degree course.

Before enrolling in a shortened degree course, depending on the specific didactic regulations of the chosen course, you may apply for a preliminary assessment of your academic qualifications (i.e. examinations taken at another university), following the instructions below:

a) fill in the evaluation questionnaire on the “Quest Test” website: [http://www.quest.uniroma2.it](http://www.quest.uniroma2.it);
b) Access the Delphi Online Services website: [https://delphi.uniroma2.it/](https://delphi.uniroma2.it/);
c) select Student Section - Key 2 - Select “Registering for a shortened degree course”;
d) select your macro-area and the degree course you have chosen;
e) complete the application form;
f) select “Degree” to enter the details of the degree/academic qualification for which official validation is sought;
g) list all examinations taken and click “Next”;

h) take note of the CTRL so that you can return to the menu and modify, delete or reprint your application form;

i) select “print”: the system will print the application form and payment slip worth €0 as well as the automatic validation document with a specific protocol number.

The application is forwarded online to the degree course administration for enrolment approval.

Applicants must wait until the study course committee has assessed their examinations and the qualifications stated in the application. An email will then be sent with the result of the assessment.

In addition, applicants must in any case and according to the instructions in the relevant call, take the admission test/assessment test or request a verification of their curricular requirements. In this case, return to the Delphi website homepage and enter Key 1 – Enrolment for Admission Tests, Enrolment for compulsory assessment tests, Application for verification of Curricular Requirements, Assessment.

After receiving the assessment of their qualifications for their chosen programme (if they have been selected for access to limited enrolment programmes or if they have chosen a programme for which no prior qualifications are required), students can fill in the application form for enrolment in a shortened degree course by following the instructions provided in Chapter 4.1 “How to enrol”.

Students wishing to apply for a university tax reduction must authorise, through their reserved area in the Delphi portal, the university to consult the INPS database to obtain their ISEE-UNIVERSITY certificate. The deadline for this procedure is 16 December 2022. For further information, please refer to Chapter 7.5 “Isee-University”.

ENROLMENT

Enrolment at the University in Italy with a foreign qualification is governed by ministerial regulations that establish different admission procedures for students from the EU or equivalent countries, for non-EU students who do not require a visa, and for non-EU students who require a visa. Detailed information can be found on the Ministry’s website at https://www.studiare-in-italia.it/studentistranieri/.

To enrol in a course at Tor Vergata University of Rome, international students with a degree obtained abroad must present either a statement of comparability issued by CIMEA (Centro di Informazione sulla Mobilità e le Equivalenze accademiche), which can be requested online at the following link, https://cimea.diplo-me.eu/torvergata/#/auth/login, or a Declaration of value issued by the competent Italian authority, with the official translation (into Italian) and the legalisation of the final qualification. In the latter case, Tor Vergata University of Rome reserves the right to request additional documentation.

Comparability refers to the determination of the level of the foreign qualification based on the framework established by the Bologna Process and the EQF (European Qualifications Framework). The mentioned comparison does not confirm the formal recognition of the foreign qualification within the Italian system or by Tor Vergata University of Rome. Nevertheless, it is a useful indicator for evaluating the qualification in terms of access to higher education.

HOW TO ENROL
International students who meet the requirements specified in the relevant calls/notices may complete the application for enrollment through the Delphi platform, via https://delphi.uniroma2.it/totem/jsp/homeStudenti.jsp?language=IT and following the instructions given.

If you are in possession of a foreign qualification, after uploading the required documents onto the Delphi platform, the International Students Secretariat will send you an email with the details for the payment of the first instalment and its validation. To complete your enrollment, you must go to the Secretariat for International Students (Via Cracovia No. 50 - Building D, Floor 0) with your passport and the original copies of all the documents uploaded onto the Delphi platform. You can make an appointment at the following link: https://prenotazioni.uniroma2.it/segreteria-international-students/ or go directly to the Secretariat for International Students on the following reception days: Monday, Wednesday and Friday from 9am to 12pm and on Wednesdays also from 2pm to 4pm.

In the following sections you will find useful information about deadlines, available places, how to enrol in our courses and the documentation required for each category of student:

5.1) EU/EU citizens and non-EU citizens not applying for a visa with a foreign qualification;
5.2) Non-EU citizens applying for a visa;
5.3) EU citizens and non-EU citizens legally residing in Italy and holding an Italian qualification;

ITALIAN LANGUAGE COURSES
Tor Vergata University of Rome offers Italian language courses for international students. Students can learn about all the ways to improve their Italian language skills by accessing the following link: http://clici.uniroma2.it/en/the-clici/.

5.1 - EU and equivalent students, and non-EU citizens not applying for a visa with a foreign qualification

This category includes EU citizens, assimilated citizens and non-EU citizens who are permanent residents of Italy (D.Lgs. No. 286/98 - D.Lgs. No. 25/2008). They have access to university courses under the same conditions as Italian citizens, i.e. without limitation of the number of reserved places and without having to take the Italian language proficiency test.
Nationals of Norway, Iceland, Liechtenstein, Switzerland and the Republic of San Marino, as well as refugees and persons with subsidiary protection status, including personnel in Diplomatic Representations abroad and in international institutions based in Italy and accredited to the Italian State or to the Holy See, and their dependent family members (spouses and children), are considered equivalent students.

5.1.1 - Admission test
If required, you must take the admission test for the degree course you have chosen by following the procedures explained in the various announcements published on the university “Offerta Formativa“ website: http://web.uniroma2.it/module/name/Content/newlang/italiano/navpath/1FF/section_parent/5365.
If you have passed the test and meet the admission requirements listed in 5.1.2, you may enrol according to the instructions listed in 5.1.3.

   a) the original certificate of the final qualification obtained after at least 12 years of schooling, giving access to a course of study equivalent to that required in Italy at the University of the country to whose system it refers. If the local school system provides for fewer courses, an academic certificate attesting to the passing of the corresponding examinations for a number of years equivalent to the achievement of the required 12 years, or certificates issued by Italian universities attesting to the passing of propaedeutic courses (foundation course) must be presented;

   b) a certificate attesting to the passing of academic aptitude tests that may be required for admission to the university of the country of origin.

The final qualification must be accompanied either by the Comparability Certificate issued by CIMEA (Information Centre for Mobility and Academic Equivalences), which can be requested online at the following link: https://cimea.diplo-me.eu/torvergata/#/auth/login, or by the Declaration of Value. The latter document must be issued along with the Italian translation of the said final qualification, which can either be officially legalised by the relevant Italian Diplomatic Representation or stamped with the “Apostille”. Should the Diplomatic Representation in question fail to provide the requested response or provide it only in a general or inadequate form, this does not preclude the authority of the Administration to carry out its own autonomous evaluations (cf. judgement of the Council of State No. 4613 of 4/9/07);

   c) any other documents requested by the University, including those related to the verification of the accuracy of the foreign qualification.

More information is published annually on the MUR website at the following link: http://www.studiare-in-italia.it/studentistranieri/

The following is required for admission to Master’s degree programmes (two-year programmes):

The final qualification must be accompanied either by the Comparability Certificate issued by CIMEA (Information Centre for Mobility and Academic Equivalences), which can be requested online at the following link: https://cimea.diplo-me.eu/torvergata/#/auth/login, or by the Declaration of Value. The latter document must be issued along with the Italian translation of the said final qualification, which can either be officially legalised by the relevant Italian Diplomatic Representation or stamped with the “Apostille”. Should the Diplomatic Representation in question fail to provide the requested response or
provide it only in a general or inadequate form, this does not preclude the authority of the Administration to carry out its own autonomous evaluations (cf. judgement of the Council of State No. 4613 of 4/9/07);

b) A certificate issued by the relevant university of the examinations passed or the Diploma Supplement, if adopted;
c) any other documents requested by the university, including those related to verifying the accuracy of the foreign degree.

N.B.: In the case of a foreign degree obtained for studies carried out mainly in Italy, the evaluation of such a degree, even if only partially recognised, is subject to the accreditation procedure of the institution operating in Italy, in accordance with the provisions of Decree No. 214 of April 26, 2004 "Regulation on the criteria and procedures for foreign higher education institutions operating in Italy for the purpose of recognition of the degree awarded by them (implementation of Article 4 of Law No. 148 of July 11, 2002)", which implements Article VI.5 of the Lisbon Convention.

5.2 - Non-EU students not resident in Italy (students applying for a visa)

This category includes students with the nationality of a non-EU country who do not reside in Italy and therefore apply for a student visa.

The enrolment procedures for Bachelor’s/Master’s degree programmes and single-cycle degree programmes for non-EU nationals residing abroad are governed by Ministerial Decrees, which annually establish the conditions and modalities for the submission of the pre-enrolment application to the Italian diplomatic-consular Representation, the validation of qualifications and the student visa. The pre-enrollment application is submitted by the international student through the UNIVERSITALY portal ([https://www.universitaly.it](https://www.universitaly.it)) and then completed at the relevant Italian Diplomatic and Consular Representations abroad. Every year the academic structures in charge of educational planning establish a quota of study places reserved for this type of student.

You can consult the table at the following link: [https://web.uniroma2.it/it/percorso/studenti/sezione/studenti_internazionali](https://web.uniroma2.it/it/percorso/studenti/sezione/studenti_internazionali) in the section “Reserved places for international students applying for a visa”.

"Regulation on the criteria and procedures for foreign higher education institutions operating in Italy for the purpose of recognition of the degree awarded by them (implementation of Article 4 of Law No. 148 of July 11, 2002)", which implements Article VI.5 of the Lisbon Convention.

5.2.2 - Before you leave

a. Check the public call for the respective programme at the following link: https://web.uniroma2.it/it/contenuto/offerta_formativa-29758

- Submit your pre-enrolment application via the UNIVERSITALY website. In the procedure, you must correctly enter your personal data according to your passport (it is important that there are no differences as this information will be transmitted directly to the Embassy for the visa) and choose:
  - Academic year 2022/23;
  - University of Rome Tor Vergata University of Rome;
  - Chosen study programme
  - The Embassy/Consulate that will issue the visa for entry into Italy.

The University must validate the pre-enrollment application at least four weeks before the start of the courses/activities in Italy and forward it to the appropriate Embassy/Consulate. Once validated, students must make an appointment with the appropriate diplomatic/consular Representation to complete the steps following pre-enrollment for the issuance of the entry visa.

Important: Students who have one of the qualifications indicated in Annex No. 1 of the Ministerial procedures published at the following link, https://www.studiare-in-italia.it/studentistranieri/, must indicate in the pre-enrollment application on the UNIVERSITALY portal only one of the degree programmes in the active database. For degree programmes providing for a single national entrance test, i.e. Medicine and Surgery, Dentistry and Dental Prosthetics, as well as programmes aimed at training as an Architect, the pre-enrollment application is automatically valid for all other universities selected by the candidate as possible alternatives at the time of enrolling for the test.

Students who hold a degree listed in Annex No. 2 of the above-mentioned Ministerial procedures must choose the course of study regardless of the number of reserved places. The pre-enrollment application must be considered conditionally accepted by the University if students are attending their last year of secondary school and are about to take the final exam and/or the special academic qualifying exams, whether they are scheduled.

Please note: Pre-enrollment in and of itself does not entitle students to admission to degree programmes. In order to enrol, the admission prerequisite tests or admission tests required for the chosen degree programme must be taken and passed.

c) Apply for admission to the degree programme by following the procedures established by our university for the degree programme chosen, which can be found in the appropriate announcements/notices in the "Educational Offerings" section at the following link: https://web.uniroma2.it/it/contenuto/offerta_formativa-29758

5.2.3 - Once in Italy
Residence permit request

Within eight days of your arrival in Italy with a “D” national visa, you must apply for a residence permit at the relevant “Questura” (special police authority) of the city where you wish to establish your residence. The application must be submitted to the post office with the appropriate kit. The application requires the payment of taxes. Applicants will be notified of the date on which they must present themselves at the relevant Questura offices, bring photographs and undergo a fingerprint check.

Fiscal Code request

The fiscal code is a 16-digit alphanumeric code issued free of charge by the Revenue Agency (“Agenzia delle Entrate”) that uniquely identifies Italian and foreign citizens. All information can be found on the website of the Revenue Agency.

Citizens residing abroad can apply for the code at the Italian Diplomatic Representation in their country of residence.

Health Insurance – Useful information about health care in Italy

Italy has a public health care system called Servizio Sanitario Nazionale (SSN). International students can either apply for voluntary registration with the Italian National Health Service (SSN), with the choice of a general practitioner and pay an annual flat-rate contribution valid for one calendar year, or take out private health insurance for the duration of their studies, which covers all risks. If students already have insurance taken out in their country of origin, this must be confirmed by the Italian Representation before departure. All information on how to register with the National Health Service can be found on the Ministry of Health website.

White Code

Tor Vergata University of Rome is pleased to offer a new service ensuring free access to primary health care before enrolment with the Italian National Healthcare (Servizio Sanitario Nazionale). Consultation is available by using the following e-mail address whitecode@med.uniroma2.it. Further information on the Whitscode service, please visit the following link: http://web.uniroma2.it/it/percorso/utiliti_e_servizi/sezione/servizio_di_assistenza_sanitaria_per_studenti_stranieri_e_fuori_sede

5.2.4 - Admission tests

If required, you must take the admission test for the course you have chosen, following the procedures explained in the various notices/announcements published on the university webpage “Offerta Formativa”: Once you have passed the test, and if you meet the admission requirements, you can enrol according to the instructions in 5.2.5.

Reallocation of non-EU students for degree courses with national programmed access

After the publication of the remaining available places, students who have not been ranked in a useful position by the deadlines indicated in the calendar for the degree courses with national programmed access may submit a single application for:

a. admission to another degree programme at the same university;

b. reallocation to the same degree programme or to another degree programme at another university.
Chapter 5 - International students

The application under point b. must be submitted to the Rector of the university to which you wish to transfer and to the Rector of the university at which the admission test was taken.

Students who have failed the admission test or who, despite a qualified result, do not obtain a place at another university or in another degree programme, must leave Italy at the latest when their visa or residence permit for study purposes expires (except for holders of other residence permits which entitle them to stay legally after that date).

a) An official foreign qualification corresponding to the first cycle of the Bologna Process Qualifications Framework and Level 6 of the European Qualifications Framework (EQF), obtained at a higher education institution and allowing continuation of studies at academic institutions at the next level (second cycle of the Bologna Process/Level 7 of the EQF) and having no “substantial difference” according to the principles of the Lisbon Convention and the national methodology adopted by CIMEA (Centre for Information on Mobility and Academic Equivalences);

The final qualification must be accompanied either by the Comparability Certificate issued by CIMEA (Information Centre for Mobility and Academic Equivalences), which can be requested online at the following link: https://cimea.diplo-me.eu/torvergata/#/auth/login, or by the Declaration of Value. The latter document must be issued along with the Italian translation of the said final qualification, which can either be officially legalised by the relevant Italian Diplomatic Representation or stamped with the “Apostille”. Should the Diplomatic Representation in question fail to provide the requested response or provide it only in a general or inadequate form, this does not preclude the authority of the Administration to carry out its own autonomous evaluations (cf. judgement of the Council of State No. 4613 of 4/9/07);

b) A certificate issued by the relevant university of the examinations passed or the Diploma Supplement, if adopted;
c) any other documents requested by the university, including those related to verifying the accuracy of the foreign degree.

5.4 - MARCO POLO Project Chinese students

The "Marco Polo" Project consists of an intergovernmental agreement between Italy and China, with the purpose of promoting the presence of Chinese students in Italian universities. Students participating in this project will have the opportunity to arrive in Italy earlier than other international students and study Italian for 10 or 11 months (required level of Italian: B2). At the end of the course, after passing the final test and the entry tests foreseen for admission to the chosen programme, students can enrol according to the procedures indicated in the public call of the specific programme. Each year, the academic structures responsible for educational planning set a quota of places reserved for this type of student.

You can consult the table at the following link: https://web.uniroma2.it/it/percorso/studenti/sezione/studenti_internazionali, in the section: Places reserved for international students applying for a visa

5.4.1 – Admission requirements

The following is required for admission to Bachelor’s degree programmes and single-cycle degree programmes:

- Chinese secondary school leaving certificate after 12 years of schooling and a “Gao Kao” examination mark of at least 400/750 according to the information provided in this regard by the Italian diplomatic mission in China. For students from Hong Kong and Macao who are not subject to the Gao Kao examination system, the study documents must be checked by the university and the relevant Italian consular authority to verify the requirements for admission to first-cycle degree programmes in Italy.
- The certificate of successful participation in the academic aptitude test (Gao Kao)

The final qualification must be accompanied either by the Comparability Certificate issued by CIMEA (Information Centre for Mobility and Academic Equivalences), which can be requested online at the following link: https://cimea.diplo-me.eu/torvergata/#/auth/login, or by the Declaration of Value. The latter document must be issued along with the Italian translation of the said final qualification, which can either be officially legalised by the relevant Italian Diplomatic Representation or stamped with the “Apostille”. Should the Diplomatic Representation in question fail to provide the requested response or provide it only in a general or inadequate form, this does not preclude the authority of the Administration to carry out its own autonomous evaluations (cf. judgement of the Council of State No. 4613 of 4/9/07);

- any other documents requested by the university, including those related to verifying the accuracy of the foreign title.

More information is published annually on the MUR website at the following link: http://www.studiare-in-italia.it/studentistranieri/
The following is required for admission to Master’s degree programmes (two-year programmes):

- An official foreign qualification corresponding to the first cycle of the Bologna Process Qualifications Framework and Level 6 of the European Qualifications Framework (EQF), obtained at a higher education institution and allowing continuation of studies at academic institutions at the next level (second cycle of the Bologna Process/Level 7 of the EQF) and having no “substantial difference” according to the principles of the Lisbon Convention and the national methodology adopted by CIMEA (Centre for Information on Mobility and Academic Equivalences);

The final qualification must be accompanied either by the Comparability Certificate issued by CIMEA (Information Centre for Mobility and Academic Equivalences), which can be requested online at the following link: https://cimea.diplome.eu/torvergata/#/auth/login, or by the Declaration of Value. The latter document must be issued along with the Italian translation of the said final qualification, which can either be officially legalised by the relevant Italian Diplomatic Representation or stamped with the “Apostille”. Should the Diplomatic Representation in question fail to provide the requested response or provide it only in a general or inadequate form, this does not preclude the authority of the Administration to carry out its own autonomous evaluations (cf. judgement of the Council of State No. 4613 of 4/9/07);

- A certificate issued by the relevant university of the examinations passed or the Diploma Supplement, if adopted;
- any other documents requested by the university, including those related to verifying the accuracy of the foreign degree.

N.B.: In the case of a foreign degree obtained for studies carried out mainly in Italy, the evaluation of such a degree, even if only partially recognised, is subject to the accreditation procedure of the institution operating in Italy, in accordance with the provisions of Decree No. 214 of April 26, 2004 "Regulation on the criteria and procedures for foreign higher education institutions operating in Italy for the purpose of recognition of the degree awarded by them (implementation of Article 4 of Law No. 148 of July 11, 2002)", which implements Article VI.5 of the Lisbon Convention.

5.4.2 Before you leave

- Check the public call for the respective programme at the following link: https://web.uniroma2.it/it/contenuto/offerta_formativa-29758

- Submit your pre-enrolment application via the UNIVERSITALY website. In the procedure, you must correctly enter your personal data according to your passport (it is important that there are no differences as this information will be transmitted directly to the Embassy for the visa) and choose:
  - Academic year 2022/23;
  - University of Rome Tor Vergata University of Rome;
  - Chosen study programme
  - The Embassy/Consulate that will issue the visa for entry into Italy.

In the pre-enrolment application, students must indicate both the university they have chosen for the course and the university where they wish to attend the Italian language course. Please note that the course must not last less than 10 months and must include a number of hours per
month, hopefully between 80 and 100. This should enable the initial B1 level to be reached, with the aim of improving language skills in the following years.

Information about the Italian language course organised by the University can be found in the relevant appendix.

The University must validate the pre-enrollment application at least four weeks before the start of the courses/activities in Italy and forward it to the appropriate Embassy/Consulate. Once validated, students must make an appointment with the appropriate diplomatic/consular Representation to complete the steps following pre-enrollment for the issuance of the entry visa.

**Please note:** Pre-enrollment in and of itself does not entitle students to admission to degree programmes. In order to enrol, the admission prerequisite tests or admission tests required for the chosen degree programme must be taken and passed.

c) Apply for admission to the degree programme by following the procedures established by our university for the degree programme chosen, which can be found in the appropriate announcements/notices in the "Educational Offerings" section at the following link: [https://web.uniroma2.it/it/contenuto/offerta_formativa-29758](https://web.uniroma2.it/it/contenuto/offerta_formativa-29758)

### 5.4.3 - Once in Italy

**Residence permit request**
Within eight days of your arrival in Italy with a “D” national visa, you must apply for a residence permit at the relevant “Questura” (special police authority) of the city where you wish to establish your residence. The application must be submitted to the post office with the appropriate kit. The application requires the payment of taxes. Applicants will be notified of the date on which they must present themselves at the relevant Questura offices, bring photographs and undergo a fingerprint check.

**Fiscal Code request**
The fiscal code is a 16-digit alphanumeric code issued free of charge by the Revenue Agency ("Agenzia delle Entrate") that uniquely identifies Italian and foreign citizens. All information can be found on the website of the Revenue Agency. Citizens residing abroad can apply for the code at the Italian Diplomatic Representation in their country of residence.

**Health Insurance – Useful information about health care in Italy**
Italy has a public health care system called Servizio Sanitario Nazionale (SSN). International students can either apply for voluntary registration with the Italian National Health Service (SSN), with the choice of a general practitioner and pay an annual flat-rate contribution valid for one calendar year, or take out private health insurance for the duration of their studies, which covers all risks. If students already have insurance taken out in their country of origin, this must be confirmed by the Italian Representation before departure. All information on how to register with the National Health Service can be found on the Ministry of Health website.

**White Code**
Tor Vergata University of Rome is pleased to offer a new service ensuring free access to primary health care before enrolment with the Italian National Healthcare (Servizio Sanitario Nazionale). Consultation is available by using the following e-mail address whitecode@med.uniroma2.it. Further information on the Whitecode service, please visit the following link: http://web.uniroma2.it/it/percorso/utilitr_e_servizi/sezione/servizio_di_assistenza_sanitaria_per_studenti_stranieri_e_fuori_sede

If you pass the test and meet the admission requirements listed in 5.4.1, you may enrol according to the instructions listed in 5.4.5.

5.4.5 - Reassignment applications
If you are not one of the admitted applicants within the deadline set by MUR (The Ministry of Education, Universities and Research) after publication on the website (www.studiare-in-italia.it), you can apply for:

a. admission to another degree programme at the same university;

b. reassignment to the same degree programme or to another one at another university.

The application for point b) must be submitted to the dean of the university to which you wish to transfer and also to the dean of the university at which you are taking the test.

Students who have not passed the admission test or who, despite a qualified result, do not obtain a place at another university or in another degree programme, must leave Italy at the least after the expiry of their visa or residence permit for study purposes, unless they have another residence permit entitling them to stay legally after that date.

Information concerning the payment of the tuition fees for the academic year 2022/2023 are available at the following link: http://web.uniroma2.it/it/percorso/futuri_studenti/sezione/guida_dello_studente

**5.5 - Recognition of qualifications achieved abroad**

With the ratification of the Lisbon Convention by Law No. 148 of 11 July 2002, the concept of final recognition of foreign qualifications was introduced in Italy. It is therefore important to know the purpose and objectives for which recognition is sought in our system before embarking on an assessment procedure.

Universities are responsible for the recognition of study cycles and periods completed abroad, as well as foreign degrees, in order to allow access to higher education, continuation of studies and the awarding of Italian higher education degrees, and they exercise this responsibility within the framework of their autonomy and according to their respective regulations, without prejudice to bilateral agreements on the subject. Degrees obtained abroad are not automatically valid in Italy. Instead, they are examined on a case-by-case basis.

For purposes other than those mentioned above (e.g. participation in public competitions or access to regulated professions), the application shall be submitted to other public administrations. For further information, visit the [CIMEA website](http://web.uniroma2.it/it/percorso/futuri_studenti/sezione/guida_dello_studente) (Centro di Informazione sulla Mobilità e le Equivalenti accademiche).

Students may apply for the recognition of final qualifications obtained at public or legally recognised foreign universities or foreign institutions operating lawfully in Italy in accordance with Decree no. 214 of 26 April 2014. The application shall be submitted to the competent authorities of the country where the university is located. It is not possible to apply for the recognition of final qualifications obtained at private centres in agreement with foreign universities.
Before applying for recognition, you should check in Tor Vergata University educational offer in the academic year in which the application is submitted, the course of study that corresponds in type, level and content to the title for which recognition is requested. Recognition cannot be requested for newly activated degree programmes.

For degree courses with national programmed access, the recognition of the academic qualification is subject to the availability of places within the relevant cohort of students in previous programmes.

**Where to submit the documents:**
EU-citizens and non-EU citizens legally resident in Italy shall submit the documentation to the International Students Office (Via Cracovia, 50 – Building D floor 0). Non-EU citizens residing abroad shall submit all documents through the relevant Italian diplomatic representation.
Chapter 6– Registration in academic years after the first

Each year, students must re-enrol.
Thus, in order to take the exams, students must be enrolled in the academic year 2022/2023 (even with a precautionary application) and fulfill the obligations to pay taxes and contributions.

To enrol for the second and subsequent years, you must go through a very simple procedure that can only be done online (you do not have to go to the Student Affairs Office).

6.1- How to enrol for the second and subsequent years

You may enrol for the second or subsequent years only if you have properly paid your tuitions for the previous year.

INSTRUCTIONS ON THE REGISTRATION PROCEDURE FOR YEAR TWO AND FOLLOWING YEARS

a. Access the Delphi Online Services website: http://delphi.uniroma2.it;
b. Select Student Section, Key 3 – ”Enrolment in year two and following years“;
c. Enter your personal ID number (matricola) and to access the student section;
d. Modify or confirm existing data;
e. If you wish to pay the second instalment of your tuition fees in one payment (instead of two), select the appropriate option;
f. Select ”print“: the system will print your application and payment slip for payment of the first instalment;
g. Pay the participation fee due through the PagoPA system, which offers several payment options (traditional as well as online ways). Links and further information can be found on the following website: studenti.uniroma2.it/pagamento/
h. Access the Delphi Online Services website again and confirm your payment by tapping ”Convalida PagoPA“ within 48 hours of the payment date.
i. For students who are exempt from paying university fees, a deposit slip marked ZERO € must be used for confirmation.

You do not need to hand in any documents to the Student Affairs Office. The online payment confirmation is essential to complete the enrolment process.

EXPIRY DATE

Please note that students who do not pay their first instalment by 7 November 2022 will be subject to a penalty. Enrolment in the academic year 2022/2023 is open until 31 March 2023. After this date, a late application for enrolment may be considered if duly justified and certified.
Students wishing to apply for university tax reductions must authorise the University via their reserved area of the Delphi platform to consult the INPS database to obtain their ISEE-UNIVERSITY certificate. The deadline for this procedure is 16 December 2022. If the "Dichiarazione Sostitutiva Unica" (DSU) used to apply for an ISEE-UNIVERSITY certificate from INPS is not issued by 16 December 2022, the procedure may be repeated, but a penalty will be payable. For more information, see Chapter 7.5-ISEE-UNIVERSITY.

**TOTAL AND PARTIAL EXEMPTION FROM PAYMENT OF TAXES AND CONTRIBUTIONS**

There are different types of total or partial exemption from payment of fees and contributions for certain categories of students. For guidance on how to access the above benefits, please refer to the section 7.6 “Exemptions” (Chapter 7 “Taxes and contributions”).

Students who have applied for a DISCOLAZIO scholarship are reminded that if this scholarship is not granted or is withdrawn, they must authorise the University, through their reserved area of the Delphi platform, to consult the INPS database in order to obtain the ISEE-UNIVERSITY certificate. The deadline for this procedure is 16 December 2022.

### 6.2 - Enrolment in the second and subsequent years with residence permit

If you are a non-EU student and have an Italian residence permit, in order to proceed with enrolment for the academic year 2022/23, you must enter the data relating to the residence permit and upload the relevant documents on Delphi via the “UPLOAD” function, which can be accessed with your matriculation and password.

At the end of the procedure you will have book an appointment with the Student Affairs Office of your course to verify the authenticity of the information entered in Delphi. We remind you that the renewal of the residence permit must be requested at least sixty days before its expiry date at the Questura of the province in which you reside. To find out the requirements for renewal, you can consult the current procedures for entry, stay and enrolment of international students at the following link: [https://www.studiare-in-italia.it/studentistranieri/](https://www.studiare-in-italia.it/studentistranieri/) - part IV point 4).

If you are a non-EU student in possession of a type “D” student visa, you must submit the application for a residence permit for study purposes to the competent Questura in the city where you intend to establish your residence within eight working days from your arrival in Italy. You must submit the proof of payment together with the required academic documents to the International Students Office to complete the enrolment.

### 6.3 - Deadline extension for the enrolment of graduates (PRECAUTIONARY APPLICATION)

If you plan to graduate in the winter session or in the last session of the academic year 2021/2022 academic, there is a rule that allows students to defer enrolment for the academic year 2022/2023. However, you must in any case complete an application for enrolment in the a.y. 2022/2023 marked "PRECAUTIONARY APPLICATION".

The procedure can only be carried out if you are up to date with your tuition fees for the previous academic year. Precautionary applications will be randomly checked to determine whether students actually have the minimum number of ECTS required to graduate in the winter session. Any misuse of the precautionary application will be legally prosecuted.
EXPIRY DATE

The precautionary application must be completed and validated by 31 December 2022 and retained by the student. This precautionary application must not be submitted to the Student Affairs Office.

INSTRUCTIONS ON THE “PRECAUTIONARY APPLICATION” PROCEDURE

a. Connect to the Delphi Online Services website: http://delphi.uniroma2.it;
b. Select Student Section, Key 3 – “Enrolment in year two and following years”
c. Digit your personal ID number (matricola) and password in order to gain access to the student section
d. Modify or confirm existing data
e. Tick "Domanda cautelativa" (Precautionary Application)
f. Select “print”: the system will issue your application and pay slip for payment
g. Pay the participation fee due via PagoPA system, allowing to pay in different ways (traditional and online procedures). Links and further information are available on the following website: studenti.uniroma2.it/pagamento/
h. Link again to the Delphi Online Services website and validate your payment by tapping the “Convalida PagoPA” within 48 hours from the payment time
i. For students who are exempt from the payment of university fees, a pay slip marked ZERO € has be used for validation purposes.

PLEASE NOTE

Students who have submitted a "Precautionary Application" to obtain a tax and fee reduction but have not graduated on time must authorise via Delphi the university to consult the INPS database in order to obtain their ISEE-UNIVERSITY certificate. The deadline for this procedure is 16 December 2022. However, in cases where students have enroled for the 2022/2023 academic year without a precautionary application, it is still possible to submit a late request by formally submitting the request to the Student Affairs Office in question which will verify the validity of the application by 31 January 2023. If the late request is accepted, students will be refunded of the amount paid net of the regional tax, stamp duty and any other fees. The refund of the regional fee must be requested directly to Discolazio.

CANCELLATION OF PRECAUTIONARY APPLICATION

If students fail to graduate in the final session of the academic year 2021/2022, they must connect again to their Delphi personal page (https://delphi.uniroma2.it) and cancel their precautionary application.

The system will cancel the “Precautionary Application” and will proceed with the enrolment of the student
in the academic year 2022/2023 issuing a pay slip for the first instalment of university fees to be paid
and validated, so that the system can print out the pay slip for next instalment.

**The first and second instalments must be paid, in any case, no later than 5 June 2023.**

You must pay a €100.00 penalty every time a payment is made after a deadline. The penalty will
automatically be added to the following instalment.

### 6.4 - Enrolment as a part-time student

Should students have difficulty completing the number of hours required for an academic year due to
work, family, medical, personal and other similar reasons, they may choose to attend a university course
part-time. Students who choose this option will be required to complete more academic years, but will
be eligible for a 30% fee reduction. See Chapter 7 - "Taxes and Fees" for more details.

The decision to study part-time is **irrevocable**, while full-time students may switch to part-time
provided that they have been enrolled for a number of years that is less than the programme duration +1.

**The 30% reduction for part-time students cannot be added to the exemptions listed in chapter 7.6.2: “Partial Exemptions”**.

### When you can choose the part-time option

The part-time option can be requested at the beginning of each academic year after enrollment in the
first or subsequent years. Students who select this option upon enrolment or upon registration in
subsequent years must apply **by 31 December 2022.**

**Before submitting the application, it is necessary to check whether the degree course allows for part-time study and under what rules by consulting the relevant Educational Regulation.**

For degree courses in the health care area, part-time enrolment is only possible from the second year
of study.

### Natural duration of degrees and the arrangement of different course duration

It is possible to request part-time conditions after initial enrolment and to agree on a course duration
that is twice as long as that of the standard degree course, unless there are other time limitations
directly specified in the Educational regulation of the course.

After this period, students are considered part-time students who are “fuori corso”. You may still qualify
for a 30% reduction, but the payment will be calculated according to the “maximum taxation” criteria
for your course. For more details, please refer to Chapter 7–“Taxes and Contributions”.

In cases where students:

- **earn more than 36 ECTS (CFU),** they will not be considered for a reduction in that year;
- earn the number of ECTS (CFU) required for the defense of their thesis before **the time limit for part-time study,** they must in any case pay the fees for the entire specified period.

**The part-time option cannot be considered in any way different from the normal duration of a university course, e.g. in terms of repayment of years for pension purposes. The certificate, therefore, will indicate the “normal” duration of studies from a legal point of view.**

### INSTRUCTIONS ON YOUR PART-TIME REGISTRATION PROCEDURE

a. Connect to the Delphi Online Services website: https://delphi.uniroma2.it/
Chapter 6– Registration in academic years after the first

b. Select Student Section, Key 3 “Enrolling part-time”.

c. Fill in the online application regarding the part-time option.

This application will be received by the Student Affairs Office, which will verify the validity of the information contained therein before forwarding the application to the Didactic Structure Committee (Consiglio di Corso di Studio). It must decide whether or not to accept the request for part-time study, and it may also make a didactic proposal to help students better organise their studies. Once the relevant Student Affairs Office has received the decision of the Committee, the students are summoned to sign the contract. They will also have to provide a self-certification of the professional, family, medical or personal reasons that led them to choose a part-time solution.
Chapter 7 – Taxes and contributions

Tor Vergata University of Rome, in accordance with the provisions of Art.1, c.254 of Law No.232 dated 11 December 2016, “State Budget for the 2017 Fiscal Year and Multi-Year Budget for the 2017-2019 Triennium”, has set the level of tuition fees for degree programmes according to the principles of equity, progression and progressivity, in order to guarantee the right to study and reward commitment and performance.

Therefore, for the academic year 2022/2023, the University has established a system for calculating tuition fees as follows:

Chapter 7 – Taxes and contributions

a. **enrolled in a degree course in the academic year 2022/2023**;

b. **enrolled in the academic year 2021/2022 and earned at least 10 ECTS (or 6 ECTS for part-time students) between 10 August 2021 and 10 August 2022**;

c. **enrolled with a delay of no more than one year after the natural duration of the course and have earned at least 25 ECTS (or 18 ECTS for part-time students) between 10 August 2021 and 10 August 2022**.

**No tax area**
Under ordinary taxation, a no tax area is provided for students whose ISEE certificate does not exceed € 26,000.00.

**Partial exemption**
Under ordinary taxation, a partial exemption is provided for students whose ISEE certificate is between € 26,000.00 and € 30,000.00.

The contribution for the partial exemption is calculated by applying the discount in relation to the ISEE band to the contribution determined according to the contribution class.

Chapter 7 – Taxes and contributions

- **Maximum taxation applies** to students who do not fall under the ordinary or higher taxation and who:
  - a) are enrolled with a delay of more than two years after the natural duration of the course;
  - b) are enrolled with a delay of no more than one year after the natural duration of the course and have not earned at least 12 ECTS (less than 6 ECTS in the case of students enrolled in the second year) between 10 August 2021 and 10 August 2022.

Tuition fees are calculated on the basis of the ISEE certificate as follows:

- **for an ISEE certificate whose value is between € 0 and € 90,000.00**: the contribution is proportional to the value and varies according to the contribution class and taxation type of the degree course;
- **for an ISEE certificate whose value exceeds € 90,000 or for students who have not submitted an ISEE certificate**: the contribution is equal to the maximum amount provided for the contribution class and the type of taxation of the degree course.

B) In compliance with Art. 8, paragraph 5, DPCM No. 159 of 2013, students enrolled in an academic year following the first one and for whom the ISEE calculation is neither applicable nor presented shall pay, in addition to the regional tax and stamp duty, a fixed annual contribution based on their country of origin, as follows:

- **€ 500.00** if they are from the so-called “developing countries” as stipulated in MUR Decree No. 344 of 8 May 2022\(^6\), and its updates;
- **€ 1,000.00** if they (both Italian and international students) earn their income abroad.

C) **Only for first-year students from the academic year 2020/2021**, Italian and international students whose income is earned abroad and for whom the ISEE calculation is not applicable, according to Art. 8 para. 5 of DPCM 159/2013, in addition to the regional tax and the stamp duty, are required to pay:

  a. the flat annual contribution of **€ 2,500.00**, even if they receive the DISCOLAZIO scholarship, for the following Bachelor’s, Master’s and one-cycle degree courses taught in English: “M.Sc. Business Administration”, “M.Sc. Finance and Banking”, “B.Sc. Business Administration and Economics”, “M. Sc. European Economy and Business Law”, “M.Sc. Economics”, “B.Sc. Global Governance”, “Pharmacy” and “Medicine and Surgery”. DISCOLAZIO scholarship holders are not required to pay the regional fee.

  b. the flat annual contribution according to their country of origin, even if they hold a DISCOLAZIO scholarship (DISCOLAZIO scholarship holders are exempt from paying the regional fee), as follows:
  - **€ 500.00** for students coming from so-called “developing countries” as defined in MUR Decree no. 344 of 8 May 2022;
  - **€ 1,000.00** for Italian and international students with income abroad.

**Enrolment of international students in higher education courses in Italy**

Due to the ongoing COVID-19 emergency, the physical mobility of foreign/international students to Italy may slow down, also in terms of issuing visas for study purposes.

Chapter 7 – Taxes and contributions

Pending updated guidelines from the MUR, visa applications must be submitted to the relevant diplomatic and/or consular representation by 30/11/2022 to ensure effective enrolment. Enrolment, which requires international students to pay a fee of €156 and upload the required documents to the Delphi platform, is considered conditional until the presentation of the entry visa and the original documents uploaded previously.

Online or blended courses at the School of Humanities (Lettere e Filosofia)
For the academic year 2022/2023, a 20% reduction on tuition fees is also applicable for degree courses that are mainly taken in distance or mixed mode.

ATTENTION: to better understand the tax system, a fee simulator is available here: http://studenti.uniroma2.it/ (under the menu: “Tasse e agevolazioni”).

7.1 - Verification of merit requirements for the calculation of university fees
The credit rating system (i.e., the number of ECTS earned) is calculated automatically and does not require an official application from the student. The ECTS (CFU) must have been earned within the 12 months prior to 10 August before enrolment. Only exams officially registered within the above-mentioned date will be taken into account, with the exception of credits earned after an internship completed by students of health care degree courses. In this case, credits will be considered even if they are registered after 10 August and before 30 September. ECTS related to “integrated” examinations must all be registered by 10 August. Credits earned at partner universities under mobility programmes would only be evaluated if they were registered in the twelve months prior to 10 August before enrolment.

7.2 – Payment and deadlines for tuition fees

Students wishing to benefit from the services of Tor Vergata University of Rome must keep up to date with the payment of their tuition fees.

Students who have not duly paid their fees:
• cannot take exams;
• cannot obtain a certificate of academic achievement;
• cannot transfer credits to another university.

Fees and contributions must be paid in the following ways:

A) First instalment
All students (except those who are exempt from payment) must pay the first instalment which includes:
1. €16 stamp duty
2. €140 regional fee
3. tuition fees, which vary according to the type of taxation:
   a. Ordinary taxation: €0
   b. Higher taxation: €200
   c. Maximum taxation: €332

An example of the calculation of the first instalment can be found below.

The first payment slip will be issued by the Delphi platform in the section designated for enrolment in the first or subsequent academic years.

Penalties
A penalty amount will automatically be added to your next instalment for late payment:
- € 50.00 for payments made by 31 December 2022
- € 100 for payments made after this date.

B) Second instalment
The amount of the second instalment depends on the contribution class of the degree course, the type of taxation (ordinary, higher or maximum) and the ISEE certificate.

In order to better understand the taxation system, a fee simulator can be found here: http://studenti.uniroma2.it/ (under the menu: “Tasse e agevolazioni”).

7.3 – Payment methods

Tuition fees can be paid using the PagoPA system. The PagoPA system guarantees electronic payments to the public administration.

Payments can be made in the following ways:

- Online, using your credit card at utov.it/pagopa;
- via APP IO of PagoPA if you have SPID credentials;
- via home/mobile banking through the CBILL circuit or members of the PagoPA system;
- at all bank branches or ATMs that allow you to pay through the CBILL circuit which are members of the PagoPA system;
- in the Sisal/Lottomatica betting shops.

It is possible to pay PagoPA orders at the Poste Italiane Offices.

The updated list of all Payment Service Providers (PSP), where you can pay via PagoPA, can be found at the following link: https://www.pagopa.gov.it/it/dove-pagare/.

After payment, students must access the Delphi Onlie platform page and confirm their payment.

Information on payment methods is available at the following link: studenti.uniroma2.it/pagamento/.

ATTENTION

Only use the payment slip issued by the system at the time of enrolment/registration. Any other payment (e.g., by a direct bank transfer) will not be taken into account for enrolment and will not be reimbursed.

7.4 – ISEE–University

Students wishing to apply for tuition fees tax relief must, through their reserved area of the Delphi platform, authorise the university to consult the INPS database to obtain the value of their ISEE certificate (which must be issued before the specified deadline). The deadline for this procedure is
Chapter 7 – Taxes and contributions

16 December 2022.
Students who decide either not to apply for a tuition fee reduction, or not to present a valid ISEE certificate, or not to authorise the consultation of the INPS database, or those who hold an ISEE certificate whose value exceeds € 90,000, will automatically have to pay the maximum fee for their contribution class.

The university will not accept ISEE certificates that:
- have expired and are therefore invalid
- are not eligible for university study (your ISEE certificate must clearly state “Si applica alle prestazioni agevolate per il Diritto allo Studio Universitario”).

**ISEE certificates with gaps/marks of discrepancies can be acquired through a procedure whereby students enforce the acquisition of the value. Students assume responsibility in the event of a subsequent check. The university reserves the right to request additional documents.**

After the acquisition of the ISEE certificate, taxes and contributions will be recalculated. After that, no new certificates are allowed for the remaining part of the academic year (i.e., the University accepts only one ISEE certificate per year).

7.4.1 – What is an ISEE certificate, and what is it for?
The ISEE certificate (Indicatore Situazione Economica Equivalente - Equivalent Economic Situation Indicator) is the tool for assessing the economic situation of people applying for subsidised social benefits. It is reserved for students from EU and non-EU countries who belong to a family unit with declared income in Italy. The ISEE certificate can be obtained by combining and considering three elements: income, assets, and family unit. If parents are not part of the family unit, students can be considered as single family members for tuition fee purposes only in the following cases:
- students have not been living in the original family home (or in a house owned by a family member) for at least two years since enrolment;
- students have an adequate income.
If at least one of the above conditions is not met, students will be considered to be family members of their parents.
In accordance with the legislation in force, the only ISEE certificate considered valid for the calculation of tuition fees and other benefits granted by the university is the **ISEE-University certificate**.

7.4.2 – How to apply for an ISEE-University certificate
To obtain the ISEE certificate for study purposes (ISEE-University), students must complete the “Dichiarazione sostitutiva unica (DSU) integrale” form.
The DSU contains information about the family and its members, as well as the assets and income of each family member. It must be filled out and handed in at the following offices:
- Centri di Assistenza Fiscale (CAF);
- INPS, also online via the INPS portal.

Once students have completed and submitted their DSU, they must wait an average of ten working days to receive their ISEE-University certificate.
As a lot of information about property, assets and income need to be collected to compile the DSU, the process may be time-consuming. **Students should submit their DSU as soon as possible** to the CAF office, which will issue the ISEE-University certificate.
**The university is not entitled to provide a direct DSU service.**
Chapter 7 – Taxes and contributions

Once either INPS or CAF provides the ISEE-University certificate, students must check on their Delphi page that the uploaded document is correct and check the amount to be paid in the second instalment.

In case of errors, students must report them via the following email address: caf@supporto.uniroma2.it.

7.4.3 – ISEE Parificato certificate

In order to benefit from the tuition fee reduction and when enrolling in the first or the following years, EU students belonging to a family unit whose income is earned abroad must apply for the ISEE Parificato certificate (data collection form for university indicator) at any CAF at national level by 16 DECEMBER 2022, and submit it to the Student Affairs Office.

To obtain an ISEE Parificato certificate, students must provide information on their income and assets in Italy and on the income and assets (earned abroad) of each member of their family. These documents need to be issued by the relevant authorities in the country where the income is earned. They must also be officially translated by the Italian Diplomatic Authorities of the country concerned, together with the income expressed in €.

In those countries where it is difficult to obtain such documents, they may be requested from the foreign diplomatic authorities in Italy and certified by the Prefecture in accordance with art. 33 DPR no. 445 dated 28 December 2000.

For international students who are from one of the particularly poor countries indicated by the regulations in force, the evaluation of the income requirement is carried out on the basis of the documents issued by the Italian Representation in the country of origin certifying that students do not belong to a family known to have a high income and high social level (DPCM 9/4/2001).

Once the certificate has been obtained, students must bring to the Student Affairs Office a copy of the ISEE parificato issued by the CAF with a copy of all the documents mentioned above (in their native language and officially translated into Italian) used for the issuance of this certificate. Following this, students will be able to check the amount they will have to pay in their second instalment.

Should any errors come to light, students must report them to the following email address: caf@supporto.uniroma2.it

For more info on the ISEE-University certificate, please consult paragraph 7.4 of the present handbook or visit: http://studenti.uniroma2.it/.

7.4.4 – Deadline for the ISEE-University submission

The ISEE-University certificate must be issued by 16 December 2022. Students must authorise the university, through their reserved area of the Delphi portal, to acquire the required ISEE-University Certificate from the INPS database.

Students who already have a valid ISEE-University do not need to apply for a new ISEE-University certificate for enrolment in the 2022/2023 academic year but must authorise the university to acquire the ISEE-University certificate from the INPS database through their reserved area of the Delphi platform by 16 December 2022. Therefore, students must not consign any document to the university, nor should they send their ISEE-University by e-mail.

Should the DSU not be presented by the deadline of 16 December 2022, students will be placed in the maximum taxation area and therefore will not be entitled to any reduction in their tuition fees. If the DSU is presented after 16 December 2022, a penalty amount will be applied as follows:

</tbody>
</table>

ISEE-University certificates issued after 31 May 2023 will not be accepted.

The penalty for the late submission of ISEE-University certificates may be combined with other penalties such as a late payment of tuition fees. The penalty for the late transmission of your ISEE-University certificate will not be applied as follows:

- if enrolment in a degree course (Bachelor’s, Master’s and one-cycle courses) is made later than 1 December 2022;
- if enrolment in courses with an admission test is made later than 1 December 2022 as a result of a change in the ranking list or for competitions published later;
- if enrolment is made later than 31 December 2022 due to a transfer from another university.

Students must retain their ISEE-University certificate as the university may in the future request to check it.

**ATTENTION**

After the acquisition of the ISEE-University certificate, taxes and contributions will be recalculated. Following this, no new forms of certificates will be permitted for the remaining part of the academic year.

**7.4.5-Recommendations**

- Students who have applied for a DISCOLAZIO scholarship: in the event that the scholarship is not awarded or is withdrawn, in order to obtain tax reductions students must authorise through their reserved area of the Delphi platform the university to consult the INPS database in order to obtain their ISEE-University certificate. The deadline for this procedure is 16 December 2022.

- Students who submit a “domanda cautelativa” (precautionary application): to obtain a reduction in tuition fees due to their income, whoever fails to graduate in time must authorise through the reserved area of the Delphi portal the university to consult the INPS database in order to obtain the ISEE-University certificate. The deadline for this procedure is 16 December 2022.

**7.5 - Exemptions**

**7.5.1 – Total exemptions**

The following types of exemptions are to be considered for the students who are enrolled in Bachelor’s, Master’s and one-cycle degree courses.
A) **Students with disabilities**
Students with certified disabilities, equal to or higher than 66%, or students with disabilities in accordance with art. 3, paras 1 and 3, law no. 104 of February 1992, are totally exempt from the payment of taxes and tuition fees at initial enrolment and registration in the following academic years. Documentation, issued by a competent body, must be provided to demonstrate students’ disability and submitted to the Technical Secretary of the Committee for the Disabled (Segreteria Tecnica della Commissione per l’inclusione degli studenti conDisabilità) and DSA (CARIS) in 1, via del Politecnico (School of Engineering).

In accordance with art. 5, law by decree no. 221 dated 7 May 1999, wounded and mutilated war victims are to be included in this category.
INSTRUCTIONS ON THE EXEMPTION PROCEDURE

Students who are entitled to total exemption must follow the above-mentioned enrolment instructions, clearly stating the reasons behind their request (disabilities/victims of crime). The system will release a €0 bank pay slip, which must be validated with the AUTH code printed on the slip. Students are required to submit the documents certifying their disability to the Technical Secretary of Commission for the Disabled (Segreteria Tecnica della Commissione per l’inclusione degli studenti con Disabilità) and DSA (CARIS) (segreteria@caris.uniroma2.it), within 60 days of their enrolment. CARIS will check students’ eligibility and, if it is considered valid, will:

- validate fee exemption;
- email the student in order to confirm the exemption of fees;
- send a copy of the disability document to the Student Affairs Office.

If it is not considered valid, CARIS will:

- rehabilitate the payment of the first instalment;
- email the student informing him/her that they must pay the first instalment;
- inform the Student Affairs Office that the student is not eligible for exemption.

In case of “temporary invalidity”, students must address to CARIS (1, Via del Politecnico - Rome) before the enrolment in each academic year.

B) Victims of organised crime and terrorism, plus victims injured in the course of duty

Students who have become invalid or are sons and daughters of invalids as a result of acts of terrorism or organised crime in Italy are totally exempt from the payment of fees and university fees for enrolment in degree courses and registration in the academic years that follow. In accordance with the DPR no. 243 dated 7 July 2006, the victims of terrorism and organised crime are to be considered equivalent to victims injured in the course of duty together with their family members and children (100% disability) in accordance with Art.30, Law no. 118/1971.

C) Political refugees

Foreign citizens who have been officially recognised as political refugees, in accordance with the Geneva Convention of 28 July 1951 and ratified through Law no. 722 dated 24 July 1954, are exempt from the payment of tuition fees. Please note that political refugee students who do not maintain the pace of the exam programme of the degree course or have gone beyond the natural duration of their course (fuori corso) are not entitled to this exemption. The percentage of students who can benefit from this exemption can be no higher than 5% of the total number of foreign students enrolled in the previous academic year. Students must prove their status of political refugee by providing official documentation issued by a specific Italian Commission for Political Refugees of the Ministry for Internal Affairs.

D) Recipients of DISCOLAZIO Scholarship

Students who have applied for a DISCOLAZIO scholarship must pay only a virtual stamp duty (marca da bollo) of 16.00 €. If they are neither winners nor eligible, following publication of the final DISCOLAZIO ranking list, they will have to pay their first instalment within 30 days from when they have access to the payment procedure. The following payments will have the same deadlines as those foreseen for all students, or if more favourable, within 30 days of the deadline established for the first instalment. Any students that make their payments after the expiry date will have to pay a penalty amount of 100.00 €.
Chapter 7 – Taxes and contributions

If students do not validate their payment, their application will be considered invalid and they will lose all rights to a DISCOLAZIO scholarship.

In case DISCOLAZIO scholarship is not awarded or is withdrawn, if applicants are going to request tax reductions, they shall, through their reserved area of the Delphi portal, authorise the university to consult the INPS database in order to obtain their ISEE-UNIVERSITY certificate. The deadline for this procedure is 16 December 2022.

Non-EU students enrolled in the 2021/2022 academic year who do not present the ISEE certificate in conformity with art. 8 of the DPCM no. 159 dated 2013, are required to pay the fixed annual contribution even if in possession of the DISCOLAZIO scholarship (the recipients of the DISCOLAZIO scholarship are not required to pay the regional tax).

E) Foreign students with scholarships
Foreign students benefitting from scholarships granted by the Italian government obtained due to development programs and intergovernmental, cultural and scientific agreements, and relative periodical executive programs are totally exempt from the payment of tuition fees and contributions. In the academic years that follow year one, tax exemption will depend on the renewal of the scholarship by the Ministry for Foreign Affairs, and conforming to the conditions provided in art. 4, paragraph 2 of law by decree no. 68 dated 29th March 2012.

F) Students with an Italian high school grade of 100/100
All students with a high school grade (Italian school) of 100/100 are entitled to enrol for the first time in the first year of a university degree course at Tor Vergata University of Rome with no payment of taxes. The only payments they must make are stamp duty (imposta di bollo) and regional tax.

G) Winners of the National Olympic Games
Winners of the National Olympic Games are exempt from the payment of their first-year tuition fees. The only payments they must make are stamp duty (imposta di bollo) and regional tax.

H) Students who have been awarded an Olympic medal
Students who have been awarded an Olympic medal are totally exempt from the payment of tuition fees for the entire duration of the degree course. The only payments they must make are stamp duty (imposta di bollo) and regional tax.

7.5.2 - Partial exemption

The following partial exemptions are to be considered only for those students who are enrolled in Bachelor’s, Master’s and one-cycle degree courses.

The reductions in force for partial exemptions cannot be accumulated. Furthermore, please note that these reductions cannot be added to the 30% discount foreseen for part-time courses.

The procedure regarding the application for partial exemption of the second instalment is activated on the Delphi platform following payment of the first instalment.

Applications for partial exemptions must be compiled by 15 March 2023 (apart from maternity benefits, which must be requested by 31 December 2022).

A) Students with disabilities between 46% and 65%
Students with disabilities between 46% and 65% are entitled to a 20% reduction on their second instalment in accordance with a ruling of the Executive Board of the university dated 24 March 2015.
Students must present a documentation which certifies their disability to the Technical Secretary of the Commission for the Disabled (Segreteria Tecnica della Commissione per l’inclusione degli studenti con Disabilità) and DSA (CARIS) by 15 March. CARIS will check students’ eligibility and, if it is considered valid, will:

- validate fee exemption;

Internships and Apprenticeships
The “Ufficio Rapporti con le imprese, Stage e Placement” of Tor Vergata University of Rome offers activities aimed at promoting its own students and graduates on the labour market. To this end, it cultivates relations with companies and institutions with the objective of accompanying students and graduates on the path to their future employment. By holding recruiting and career days, students and graduates have the opportunity to contact companies directly and learn about a profession even before they have acquired their qualifications. In this way, they can complete internships and apprenticeships, apply for study awards or scholarships and get to know job offers from Italian and foreign (inter)national companies and institutions. For the procedures required to complete internships and apprenticeships, students can contact each faculty/macro-area as follows:

8.13 - Examinations, verifications and issuance of certification

8.13.1 - Exams
An exam is a record that you must take and pass for each course included in the official and/or individual study plan for your degree course. The minimum grade is 18/30, and the maximum mark is 30/30, to which a special distinction (cum laude) may be added. The final evaluation also takes into account the results of the periodic tests provided for in some degree programmes. On passing the exam, students receive the number of credits allocated for each course.

At the end of each course, students are required to take an exam at various intervals, which is announced publicly. The type of examination varies according to the course and is governed by the regulations of each didactic structure, which, depending on the specific features of its courses, may set a limited number of exam dates linked to the course schedule and an obligation to repeat the course if students fail the examinations. Written exams may consist of quizzes, multiple-choice tests, etc., while oral examinations are open to the public.

To be admitted to exams / evaluation tests, you must:
- have included the relevant exams in the approved study plan;
- have received a declaration of attendance if this is provided for in the course regulations;
- have fulfilled the compulsory exam order;
- be in compliance with the payment of taxes and contributions.

Examinations taken without all the above requirements being met will be declared invalid. Students will receive written notification of the cancellation of their exams. Once an exam has been passed, it cannot be repeated. If you fail an examination, you will not receive a mark, but only a result entered in the examination report (withdrawn or rejected), which will not be included in your study plan and will therefore not affect your final grade point average. In order to sit for an exam, students must present their university transcript of records (Libretto universitario), if available, and their approved study plan, if requested.

8.13.2 - Study plan and exam registration
A study plan is the pathway that includes all of your educational activities (classes, laboratories, etc.) that you must complete in order to receive your degree.

Each degree course includes a series of examinations, some of which are compulsory and provided for in the didactic programme set by institutional bodies. Others are freely chosen by the students. The sum of the compulsory examinations and the exams chosen by the student constitutes the study plan that students must follow to earn the number of ECTS required for a degree. When compiling your study plan, you can select some examinations from a predefined list (optional exams), while you have complete freedom of choice for others (free-choice exams).

You can book many exams online. This is possible from 30 working days before the examination date of the exam until 4 working days before. The dates can be viewed at any time. The electronic service for registering examination results is directly linked to the above-mentioned booking of exams. Through a sequence of automated processes, this electronic system significantly shortens registration times for students’ examination results, and thus also for certification.

8.13.3 - Graduation exam
In order to defend your dissertation, you must first pass all examinations related to didactic lessons and other forms of tests and have completed all the credits provided for in your study plan.
You must also fulfil your administrative obligations. In particular, you must be in compliance with the payment of all tuition fees foreseen for your academic year, including the second instalment even if it has not yet expired. However, it is possible not to pay your university fees for the academic year 2022/2023 if you intend to graduate in the last session of the academic year 2021/2022 (for which you are already enrolled) by compiling a special PRECAUTIONARY APPLICATION requesting a deferral of your enrolment for the academic year 2022/2023. For more information, please see Chapter 6.3 “Deadline extension for enrolment of graduates (precautionary application)”.

This university has joined the Alma Laurea Interuniversity Consortium, a service set up to create a link between companies and graduates and to act as a point of contact in the university environment for all those (students, operators, etc.) who are concerned at various levels in issues related to university studies, such as employment, the situation of young people, etc. The Alma Laurea Consortium aims, in particular, to:

For more information, please visit: www.uniroma2.it – Studenti – Ufficio Stampa Pergamene (the office responsible for printing your final degree parchment)

8.13.5 - Diploma supplement

The university can issue you with a bilingual (Italian-English) edition of your degree certificate. This Diploma Supplement is a supplementary version of your degree certificate in English.

**OBTAINING YOUR DIPLOMA SUPPLEMENT**

The Diploma Supplement was set up by the European Commission, the Council of Europe and Unesco/Cespes with the aim of providing independent data to improve international clarity and homogeneity of qualifications and to promote student mobility and official recognition of academic and professional qualifications abroad.

It is a certificate that contains only official data on student progression and excludes discretionary assessments, declarations of equivalence or suggestions regarding recognition. It describes the nature, level, context, content and status of the studies undertaken and completed by the student.

More specifically, you can apply for it online along with your degree application (see section “Graduation exam”) or at any time after graduation, as indicated in the paragraph “Certification issuance” below.
8.13.6 – Certification issuance

In order to obtain any form of certification regarding your university career, you must be up to date with the payment of your fees for the period concerning your certificate application. All certificates must be replaced by a self-certification, in accordance with art. 75 and 76 of the DPR no. 445 dated 28 December 2000, when they are obtained for public administration bodies or private public service providers.

In fact, in accordance with art. 15, law no. 183/2011, from 1 January 2012 public administrations and public service operators can no longer request or accept from private clients certificates issued by other public offices. The bottom of certificates now, therefore, include the words “this certificate cannot be consigned to public administration bodies or to private public service providers”.

In absence of the above-mentioned declaration, your certificate will be considered invalid. The only exceptions to this ruling are the following ones:

- certificates to be consigned to judicial offices, when they exercise juridical activity; in this case, the certificate will include the words “in accordance with art. 40 DPR no. 445 dated 28 December 2000 and is issued only in order to be filed in the documentation of court cases;
- certificates issued for the purpose of renewing/issuing the residence permit or the EU permits for foreign citizens; in this case, the certificates will include the words “certificate issued for the procedures regulated by norms concerning immigration” (application for a permit of stay document);
- certificates to be consigned abroad, issued both in Italian and English, which will include the words “in accordance with art. 40 DPR no. 445 dated 28 December 2000; this certificate is issued only to be used abroad”.

**Procedure**: you can apply for the certificate by submitting a specific request on the application form provided by the Student Affairs Office or downloaded from the Delphi online services website (https://delphi.uniroma2.it/). Select Student Section, Key 4, “Manage Career Online” > Applying for certification.

ATTENTION: in accordance with law by decree no. 196 dated 30 June 2003, certificates are issued exclusively to the person concerned or to third parties in possession of a valid identity document and a signed delegation accompanied by a copy of the student applicant’s identity document.

**CERTIFICATION INCLUDING/NOT INCLUDING STAMP DUTY**

According to the regulations in force, only certificates with the appropriate 16.00 € stamp duty (certificati in bollo) can be issued and, in this case, the application is also subject to the stamp duty. Only in cases where an exemption from stamp study is foreseen by the legislation in force (Annex “B” to DPR no. 642 dated 1972) can a certificate on plain paper be issued (carta semplice). In this case, the party concerned when applying for their certification must state why they are exempt (i.e.: welfare, residence permit, etc.).

**The following certificates can be issued by this university**

8.13.7 - Self-certification
In compliance with art. 15 of Italian Law 183/2011 (Stability Law 2012), certificates issued by Tor Vergata University of Rome are valid and can be used only in relations between private individuals. All certificates and affidavits are replaced by self-certifications in relations with bodies of the public administration or private managers of public services. In cases where students must declare positions, personal skills and characteristics to the university, they can use a self-certification form (art. 46 DPR no. 445 of 28 December 2000) that can be downloaded from the following link: http://web.uniroma2.it/module/name/Content/newlang/italiano/navpath/SEG/section_parent/6000
These self-certifications are exempt from stamp duty (in accordance with art. 37 DPR no. 445 dated 28 December 2000). The following documents cannot be self-certified:
- medical, health, and veterinary certificates
- certificates of origin and compliance with EU Community rules
- patents and trademarks.

There will no longer be any control over what is declared in the self-certifications (so, no original certification will be required), but the public administration will carry out checks. Strict penal sanctions are foreseen for those who provide false declarations (in accordance with art. 76 DPR no. 445 dated 28 December 2000).

8.14.5 – SOS CUG and psychological counselling

Law no. 183 of 2010 has the relevant amendments in Art. 1, 7, and 57, Law by Decree no. 165/2001 and also introduced in the public administration a “Comitato Unico di Garanzia per le pari opportunità, la valorizzazione del benessere e contro le discriminazioni” (CUG). It encompasses, rationalises, expands and reinforces the functions previously performed by the various committees for the promotion of equal opportunities and the fight against bullying and mobbing, such as “Comitati per le Pari Opportunità” and “Comitati Paritetici per il contrasto al fenomeno del mobbing”.

Aiming at formal and substantive equality pursuant Art. 3 of the Italian Constitution, CUG’s objective is to fight against any kind of direct/indirect discrimination, including discrimination based on gender. Therefore, the CUG is committed to the elimination of all factors that may have a negative impact on equality, well-being and security at work and that may condition inequalities in pay and career advancement.

As a body that monitors, guarantees and promotes equality, non-discrimination, well-being, health and safety, the CUG is a fundamental reference point for all the bodies, committees, and commissions of the university and for its whole community.
